

HAPPY Holidays

New beginnings

After 10 months in the EveryONE Matters Ministries program Anna, Justin and their kids moved into a home to call their very own!

We are celebrating the hard work they've done in the EMM program and look forward to seeing their continued progress as they move forward into their next stage of stability.

"EMM is a place where families can not only find shelter, but a place to feel supported and loved- to have someone in your corner and find hope for tomorrow."

Why EMM is different

EveryONE Matters Ministries focuses on each family individually.

We recognize that there is no "one size fits all" solution to a housing crisis. Each person has different experiences, hang-ups, and hurdles that have contributed to their situations & prevented stability.

During the duration of the program, each family is assigned a case plan specific to their unique needs.

A mentor/coach meets with them weekly to determine goals & track progress through an encouragement driven, strengths based approach.

Your financial support has enabled EMM to hire a new coach to help with our families!!!

Providing Hope

Homelessness continues to rise as a result of cost of living and rental rates. Other factors include mounting debt, job loss, medical emergencies, and breakdown of the family such as separation or divorce.

Your generosity allows EveryONE Matters Ministries to continue walking alongside individuals and families who find themselves with no where to turn during a crisis of homelessness.

Together we can provide **HOPE**.

HOPE that kids have a safe place to sleep.

HOPE that the crushing weight of debt can be lifted.

HOPE that healing from trauma is possible.

HOPE that they are loved unconditionally.

HOPE that Jesus provides the gift of grace and life abundant.

"EMM provides a hand up by providing shelter, mentoring and encouragement. This a true community effort. There is nothing like it to reduce homelessness and enhance a family's quality of life now and for future generations. This is why I give and will continue to give."

-Raylene H.

Note from the Director

A topic that continues to tug at my heart is the importance of healthy relationships & it's correlation to the homelessness crisis.

Stress is at an all time high, and relational breakdown along with it. Relational instability is something we see in nearly every homeless situation. Separation, divorce, domestic abuse, and estrangement continue to tear families apart.

We were made to live in community! To support, love and care for one another.

What happens when we are alone and crisis hits? We have no one to help us walk through the darkness.

Depression and hopelessness creep in, leading to unhealthy coping or a continued string of bad relationships & decisions.

To help someone who is experiencing homelessness, we must first ask- who is in their corner? If the answer is no one- can we be that person?

The world is full of hurting people. We can serve one another in love ONE person at a time by showing up and being in their corner.

In His Love,
Cassie Leon, Executive Director
