

Everyone Matters Ministries

Season of Thanksgiving

Let's End the Year in the Black!

We are looking to expand our available services by raising \$100k by December 31st.

Achieving this goal will allow us to provide "emergency assistance" to families living in unsafe conditions who are awaiting approval for an RV park.

We also intend to broaden our therapy services to encompass all members of the family, and to allow for more extended periods of care.

Your support will make all of this possible.

EMM recently provided assistance to a couple who were expecting their second child in November. Cam & Natalia had been living out of motels and their car for a year due to a series of unfortunate events. They were both physically and emotionally drained and struggling to find a stable housing solution.

Cam & Natalia were childhood sweethearts and were always close to each other's families. In 2022, Natalia had a relapse with substance abuse, which resulted in Cam's incarceration for several months. Natalia had to leave their apartment without her partner's income, and she and her daughter became homeless.

After Cam's release, they reunited and committed to improving their lives. Cam now works as a cook and attends anger management classes, while Natalia is committed to maintaining her sobriety. They are both excited about meeting their new baby and reuniting with their daughter, who is staying with her grandmother out of state.

Unfortunately, the couple had accumulated housing-related debt, making it difficult to find a long-term solution. They did not qualify for an RV park, but with the help of donors, we provided them with a two-month stay at an extended-stay hotel while we work on sorting out their finances and credit.

Despite the obstacles, Cam & Natalia remain positive about their future. They attend church and support groups regularly to help with their mental health and substance recovery. Cam is also actively searching for a more stable full-time job, while Natalia looks forward to returning to work.

When you give, we can help even more families like Cam & Natalia!

Experiencing Generosity

Former client Lindsey has overcome a great deal in her life, including homelessness, divorce, and employment challenges, while raising three young children. However, she has not only persevered, but she is also making a difference in her community.

Last year, Lindsey joined DivorceCare, a local church program that helps people heal from difficult divorces. Now, only a year later, she is leading a table group for the program and guiding others through similarly painful experiences.

Additionally, Lindsey had been gifted a car through the EMM program. She then reached out to us, wanting to give the car to another client in need after purchasing her family a mini-van. This act of kindness allowed us to provide transportation to two single mothers who were struggling to get to work and school.

When we shared this story with the original donor, he was thrilled that he had listened to God's calling to donate the car. Our hope is that each of our clients will not only overcome their obstacles, but also learn to live generously and give back to their community in any way they can – whether it's sharing their story, lending a helping hand, or volunteering their time.

We are open *daily.*

PROVIDING REFUGE

- We welcomed 7 new families to our community
- In total, we provided homes to 13 families
- And, we helped 6 families take the next step towards more permanent housing.

RESTORING LIVES THROUGH COACHING

We dedicated more than 100 hours to one-on-one mentoring with our clients, guiding them on their journey to achieve holistic well-being in every aspect of their lives – physical, mental, and spiritual.

RESTORING LIVES THROUGH THERAPY

We are proud to announce that we have completed 30 hours of work at Heart's Landing Ranch, aiding our clients in reuniting and recovering from past traumas.

RESTORING LIVES THROUGH REMOVING HURDLES

Thanks to our credit repair services via Blue Water Credit, eight clients have benefited so far! This has effectively eliminated the obstacle of approval for future apartment rentals.

REBUILDING COMMUNITY THROUGH THE LOCAL CHURCH

We encourage our clients to connect with local churches and other groups to build a supportive community. Our clients have found participating in events such as church services, anger management classes, DivorceCare, and MOPS to be helpful in building new connections within their community.
