The Company

The Company

Surya Awning is the first ISO 9001:2015 Certified Company in Telangana & Andhra Pradesh which specialized in Outdoor Solar Protection products. Incorporated in 1994, we are the first company to introduce this concept in Telangana & Andhra Pradesh, we started manufacturing and marketing of all kinds of Exterior Solar & Weather Protection Products. Manufactured in-house, using High-Quality Fabrics and components, our products have been used in segments as wide as Residential, Commercial & Corporate sectors around Telangana, Andhra Pradesh and North Karnataka for over 25 Years. We are bestseller brand Awnings in our region, widely recognized & respected by hundred & thousands of customers.

We have well-maintained departments and sections consisting of Fabrication, Machine Shop, Assembling, Tailoring, and Services and well-experienced Marketing personals. We are the bestseller brand in Awnings in Telangana & Andhra Pradesh, widely recognized & respected by hundreds of customers across the South Karnataka.

We are also associated with India's leading suppliers of Outdoor fabrics for Awnings, Retractable Pergolas, Umbrellas, and Tents. Our fabric range includes popular brands like Prosolar Solar Protection Fabrics from Dickson-France, Sunsetter - Turkey, Systems - India, Ferrari Fabric - France, Sauleda - Spain, SRF - India, Garware - India, Entremonde - India and many.

We cater to customer requirements across our region through a partner network.

THE NEW AWNING SYSTEM

The new awning system, meets the highest standards

Introducing the LUNAR Retractable arm awning in its new avatar with excellent strength, finish and durability. Designed and engineered as per contemporary awning components manufactured and accepted globally, the LUNAR components are made with high strength extrusions cut and finished to size. High quality Dies are used to extrude the all new components for the Arm Shoulder, Side Plates, Wall Clamps and Front Bar. All LUNAR components are phosphated and powder coated white to give it a gleaming international look. Side plates, Tube endings and all bolts are covered with molded ABS caps that add beauty and compactness to the awning. Arm sizes available from 5 feet to 12 feet or 1.5 m - 3.5m for exports.

- Die Casted Components in Rich White powder coating.
- Stainless Steel Bolts.
- Full ABS Caps for Ends & Bolts.
- Strong Front Bar for better strength & balance.
- Powder Coated Square Bar or Stainless steel 100% Rust resistance.

The Only Awning in India with Special Extra Strong Arms with Stainless Steel Chain Anchoring.
These Awnings can be Motorised also with Switch or Remote Operation.

ILLUMINATI

Awnings

A whole new dimension to spend an evening out with panache

The Illuminati model from Surya adds a completely new experience to enjoying your awning both in the day & by night. As evident from its name, the Illuminati is an awning with integrated LED lights in the front bar and spotlights either on the front bar or the square bar on the rear. You could switch on both when more light or a festive environment is required or just switch on the spotlights to create just the right ambiance for a quiet evening under the comfort of your awning.

Integrated LED Lighting System in Front Bar & Square Bar .

- Stainless Steel Tube & Bolts.
- Chrome Plated Caps.
- Available in Metallic Black and Burgundy Color Frame with Die Casted Parts.
- Standard Projection – 5' to 12'.
- Premium Luxurious Finish & Aesthetics.
- Warranty of 5 Years for Manufacturing Defects.

SURYA | Awnings
#lovetosun&rain

The FOSSIL is a beautiful basket shaped awning used for protection and adding beauty to windows in homes, offices, clubs & hotels. Manufactured using high quality aluminum alloy extrusions, high impact plastic moulded Hinge Joints and Corner Joints. Can be made in projections of 2' to 5' with custom-made length. Larger lengths would need a T-Joint Hinge set, TJoint and additional section for support at every 12' or 3.65 mtrs. Installing FOSSIL over windows cuts heat gain inside the room from 67% to 77% thus making the rooms much more comfortable & hence reducing air-conditioning cost by up to 20%!

Vertical Awnings

Surya Vertical Awnings are an extremely efficient form of protecting balconies & verandas from both Solar heat and rain . Covered balconies and verandas could be converted into comfortable zones of re-creation or relaxation provided they can be protected from the harsh heat from the sun and also provide privacy when required. Surya Vertical Awnings do just that , provide the user a completely open view or have the privacy desired to have a private siesta or celebration Vertical awnings can be rolled up or down completely manually or with Motorised operation. Beautiful weather resistant fabrics in the colour & design of your choice to create a setting with the comfort of being indoors and at the same time enjoying the freshness of being outdoors

Nebula
Drop Arm Awning

nebula

The NEBULA is our Drop Arm Awning with rotation angle of 140 degrees from its fully open position to the fully closed position. Consists of Spring Loaded Arms made of LM6 alloy aluminum extrusions. All joints and brackets are Gravity Die cast with special aluminum alloys, profiles, joints and brackets are chromated and then powder coated in off-white colour. The NEBULA can be operated using an external Gear Operated Mechanism / Internal Lever operated mechanism with additional gear box or a motorized model with the ease of operation at the flick of a switch.

PergoLuxe for Homes , Restaurants & Cafe's

Retractable Pergolas from Surya are simply one of the most Beautiful and Functional solution to create an Outdoor space, yet completely weather protected. PergoLuxe can be used in Homes as an extension to a room with a Retractable Weather Proof Fabric Roof and create a space that is totally sun & rain proof but also retracts completely to enjoy the outdoors.

Pergoluxe for Dining and Leisure areas in Hotels, Restaurants and Cafe's is just the best solution to increase the dining space. A Rooftop restaurant is just perfect for a dine out but the harsh sun or rain and even the cold just make this space non-useable. Create an Outdoor-Indoor Space with our PergoShades with completely Retractable Roofs, Foldable Glass UPVC doors or Retractable Fabric systems. Air-condition and heat as per the weather demands and provide your customers an Un-Beatable experience. Integrated LED lighting creates an ambience for a beautiful dining experience in the evenings. Designed to functional flawlessly in the Outdoors with an Aluminum structure, Advanced automation & controls and weather proof outdoor fabrics, you just have a perfect space.

Economical Terrace Awning

The traditional awning system, meets the standards

Retractable Terrace Awning structure made of 14 guage 1½" Round, 1½" Square Pipe and remaining structure made of specially designed heavy duty aluminium and covered with Fabric of your choice with manually operated aluminium gear box for closing and opening easily. The Awning shall have a tilting capability of 0 degrees to 45 degrees depending on the projection of the awning. structure is enamel painted in black or White for gleaming look.

- Die Casted Components in Silver Enamel Painted.
- Rust Free Bolts.
- Full Plastic Caps for Ends.
- Strong Front Bar for better strength & balance.
- Enamel Painted Square Bar and Load Bar.

Umbrellas

Mediterranean

The Strongest Weather Resistant Framed SS Garden & Poolside Umbrellas in the Market

The Mediterranean is a Garden & Poolside umbrella with a unique design to create great harmony between the functionality and looks of the umbrella. It has a 3 Layered, 2 Layered or Single layer design with air gaps between the layers of the umbrella stacked over each other to provide better resistance to wind and allow it to escape through the layers. In addition, the Multi-layered design provides a unique and beautiful aesthetics to the umbrella enhancing the ambience and experience of your outdoor sitting. The Mediterranean is manufactured using a premium looking Stainless Steel frame or a powder coated MS frame. The frames are sturdy & strong and rust proof for the wettest of climates. These Umbrellas are available in diameters of 8' to 15'.

There is a large choice of outdoor weather resistant fabrics to choose from starting with an outdoor warranty on the fabric from 1 year to 6 years. Choose your fabrics from our collection ranges of Grace & Tiara from Italy, Prosolar from France and Sunsetter from Turkey.
