

Name That Bird!

It sees all kinds of ducks
And hungry rude seagulls
Hérons and pipers
STARLINGS AND EAGLES.

Name that bird by drawing a line from the picture of the bird to its name:

- Ducks
- Seagulls
- Herons
- Pipers
- Starlings
- Eagles

What kind of ducks do you see? _____

What other kinds of birds are in the book, but not on this page? _____

Fun Fact! Some birds travel more than 20,000 km (about 12,500 miles) when they migrate!
