I only share products I use and love. If you make a purchase from one of the links above, I may earn a small commission at no additional cost to you. Your support is greatly appreciated and helps support me bringing you free content every week!

- Enjoy the process of creating!
- Make sure you seal your rocks!
- Hide the rocks where they are easy to see and be found!
- Try new techniques!

- Don't collect or hide rocks in National Parks or protected lands.
- Don't hide rocks on railroad tracks or in grass where they can damage machinery
- Don't hide in stores or on school grounds without getting permission first.
