STAINS

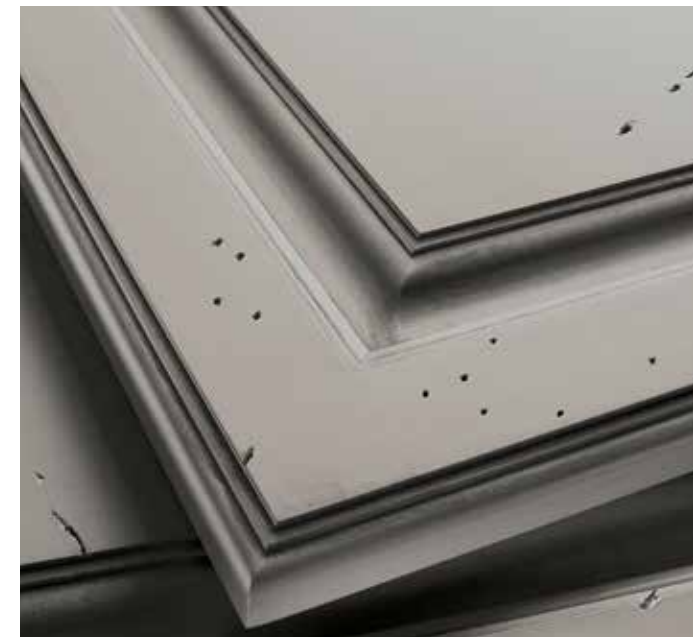

STAINS WITH FLOODED GLAZES

SATIN SHEEN
(Top portion of door)
Our timeless original top coat features a moderate sheen which is reflective without being too glossy. Available on all stains, glazed stains, paints and glazed paints.

MATTE SHEEN
(Lower portion of door)
Our low sheen top coat is less reflective and absorbs more light, resulting in a softer, more muted look. Available on all stains and glazed stains. Not available on paints or glazed paints.

DISTRESSING
Unique imperfections like wormholes, chisel marks and tiny dents and dings replicate the wear found on a well-loved piece of furniture.

HEIRLOOMING
Over-sanded edges and profiles expose the underlying wood to create a naturally aged appearance, lending depth and character.
