Speaker: Laurie Bode, representing Victory Junction

Victory Junction was the dream of Adam Petty, a fourth generation race car driver from the famous Petty family. Adam's passion for racing was equaled only by his compassion for others, particularly children. Between races he often visited children in pediatric hospitals. After his tragic death in a racing accident, his family and friends came together to realize his dream of a camp to serve children with serious medical conditions. Adam's vision sprung to life when Victory Junction opened its gates in 2004.

Victory Junction's mission is to: Enrich the lives of children with serious illnesses by providing life-changing camping experiences that are exciting, fun and empowering, at no cost to children or their families.
