BAY BULLS
REGIONAL LIFESTYLE CENTRE

Welcome

Welcome to our Summer 2025 Club Soccer Program. Bay Bulls Regional Lifestyle Centre is proud to offer soccer programming for children in the region. The program strives to maintain the lowest possible fees and ensuring that our members receive the highest level of soccer programming. The goal of the soccer program is to increase and encourage physical literacy, active living, technical ability & FUN!

Technical Director

Philip Pilon is our technical director. Philip brings a wealth of experience and passion to our club, with an impressive soccer journey that began as a player at youth, senior, and master's levels. Over the years, he has honed his coaching skills across various clubs and age groups, making a significant impact on player development.

Philip's philosophy has always centered on fostering a love for the game and prioritizing player development.

What is Club Program?

Our club programming is for players ages 7+ and is focused on developing soccer skills. Our Technical Director, with help from our volunteer soccer committee and volunteer coaches, work to teach the fundamentals of soccer.

NEW THIS YEAR: For players in U7 – U10, they will have 1 practice per week; for players in U11 and up, they will have 2 practices per week. The reasoning behind the reduction of practice time for U7-10 is due to the scheduling of our Championship League games during the weekday. This will be reflected in the registration cost for these age groups.

Those registered in our Club Program (U7 – U9) will have the option to also register for the Metro Soccer League. Players in U10 and up will automatically be registered into our club and metro league.

What is Metro Soccer League?

The Metro Soccer League is a regional Club Competition. It provides our young players with the opportunity to enhance their skills in a competitive environment in order to take their soccer skills to the next level. It is comprised of all the soccer clubs in the greater Metro area throughout the Avalon Peninsula. Competitive games between the various clubs age groups are scheduled on weekends throughout the region from early June to mid-September.

To register in the Metro Soccer League, you **MUST** also be registered in our Club Program. In addition to the 1-2 weekday club program timeslots, Metro League players will also participate in weekend games, Metro team practices start early May 2025 and interested players must be registered before attending so that team selections can be finalized, and we can prepare for the upcoming season.

Team Selections:

All kids have the right to play in the club program, as well as the Metro League. Practices for Metro will start at the beginning of May (schedule TBD) and teams will be selected by Philip Pilon, Technical Director, in consultation with our executive committee and volunteer coaches.

Refund Policy

The association incurs an administrative cost for each child during registration including but not limited to staffing, credit card & debit fees, equipment, facility rental and it is because of these costs that the BBRLC has adopted a refund policy going forward for all programs.

A full refund, minus a \$15 non-refundable deposit, will be granted if written notice is submitted to the Director of Recreation & Facilities no later than 9:00am 14 days before the first soccer session begins. After that, a refund or credit may only be issued for a medical reason which prohibits continued participation, in which case a medical note is required.

Refunds or credits will not be issued for individual absent days, even if a medical note is attached. Refunds will not be given for removal due to behavioural concerns or failure to comply with camp policies and procedures.

Refund or credit requests will not be issued after program end date has passed.

All payments are to be made at time of registration. We no longer accept EMT payments.

Volunteer Coaches

Our club teams are operated under the direction of SSU's Technical Director, Phil Pilon, and the help from our volunteer coaches! Our club program is made possible because of the generous support of our volunteer coaches! Our summer students also help with on-field instruction.

For the 2026 season we are **requiring** all those who are interested in volunteering with us this summer to fill out an application and submit to the BBRLC office. The application can be found via the link below:

<https://forms.gle/WK21vMkZGxqCpBwm7>

Individual & Team Photos

We will have a photographer come to the field to take individual and team photos during the summer program. Details about this will be provided later this spring.

Soccer Executive Committee

In the fall of 2024, we established a new soccer executive committee. The Soccer Executive Committee was formed to assist in the development and progress of our soccer program. This committee will act as an advisory body, providing insights and recommendations directly to the Director of Recreation and Facilities. Should you have any questions, comments, concerns or suggestions, please feel free to email the committee:
