XIV. DIRECTOR'S REPORT

Ameren Claim

Illinois Electric was on-site Monday morning and removed the pump for the baby pool. They are having trouble obtaining the necessary parts to get us back up and running but hope to complete the installation by the end of the month. The new transformer for the rink will be installed Friday.

Our claim regarding the damages was submitted, but my calls and emails have not received a response. I am hopeful we will hear something by the end of this week.

Audit

We have submitted our first request for information to Hughes, Cameron & Associates, so the audit process has begun. The auditors will be on-site for a few days sometime in the coming weeks to review documents.

Pool & Splash Pad

The splash pad hours have been modified to open earlier on three days each week. The facility will now open at 10:30am on Tuesday, Thursday, and Saturday. On Wednesdays, we will remain open later, until 7:00pm. Typically, very few patrons remain at the facility after 4:30pm (similar to pool attendance), so we hope that the earlier opening will accommodate more families. This adjustment will require an additional 1.5 staff hours per week. Hours will be adjusted again when GCSD 9 schools are back in session. Unlike most communities, we have a staff member at our splash pad to ensure rules are followed and the facility remains clean.

It is also important for the public to know that both aquatic facilities must be cleared for 30 minutes after the most recent lightning strike within ten miles. We use a lightning detection system that alerts our managers when to clear the facilities and when it is safe for patrons to resume activities. This summer, there have been several afternoons with little rain but persistent lightning in the area. When the 30-minute countdown resets frequently due to lightning, we provide rainchecks for patrons to return on another day. In these cases, we often do not reopen because most patrons leave to use their raincheck for a full day, and at that point, we have more staff on site than patrons. In such situations, it makes sense for us to close, and these updates are posted on our Facebook page.

All business concluded, Motion to adjourn the meeting was made by Commissioner Chris Mitchell, second by Commissioner Matt Jones. Meeting adjourned at 5:56 PM.
