

The Sobriety Resource

Addiction is chaotic. Family dynamics, childhood history, and underlying factors make each person -- and each solution -- unique. Figuring out what all of the needs are and making the right connections isn't easy.

The Sobriety Resource is Georgia's trusted resource for addiction and recovery solutions. Our services are *free of charge* and include:

- Consultations and personal assessments for individuals struggling with addiction and seeking services
- Financial scholarships for those without the resources to enter treatment/recovery or remain in an existing program
- Educational training about substance use disorder and available recovery options
- Connections with advocates across the state in the fight to save lives and help families recover
- Outreach and support to faith communities providing local assistance to families in crisis
