Help Others Move Forward

Each of us can **Reach Back, IMPACT, and Help Others Move Forward** – one life, one family, one community at a time. Here's one way...

THE CURRENT REALITY

Many who are struggling with addiction want recovery but lack the knowledge and financial resources to find and secure a viable treatment and/or recovery placement. **That is where we come in!**

The Sobriety Resource exists to help families in crisis find the best options to achieve the best outcomes. One way we do this is by providing financial scholarships for qualified individuals to enter or remain in a *trusted treatment/recovery program*. Only those providers who have been vetted by our team are eligible to receive funding.

All of our services are provided **free of charge** and only possible because of the generosity of our donors and partners. **This is where YOU come in!**

DID YOU KNOW

A total average of **\$25,000 per month** is awarded for scholarships

Includes first-time assistance as well as subsequent funds to qualifying individuals

That's an **average of \$300,000 a year** going out as direct payment for treatment and recovery programming!

This amount is significant, yet sadly, it is insufficient to meet the growing needs of our state. We simply are not able to accommodate every request for assistance. Plus, with so much going out to help families in Georgia, our need is ever greater to replenish the deficit and keep the supply flowing.

YOU can help! Giving is easy and tax deductible through our 501(c)(3) status.
