ABOUT BORED APE FOOTBALL CLUB

- Bored Ape Football Club (BAFC) is a football focused community DAO, one of the first of its kind!
- BAFC creates a range of NFTs that double as blue chip access to the community. The total NFTs ever to be created is capped at 5k!
- Profile picture NFTs are easily identifiable assets that can show off your part and support of a community. X (formerly Twitter) is moving towards highlighting NFT profile pictures with the hexagon PFP, a bit like a verified tick!

OUR MISSION

- Here at BAFC, we share your passion for football. Football is more than just a game, the passion, emotion - nothing compares!
- We want to build a community based on trust and utility. Creating a recognisable brand in football during the process.

WHY THE XRPL?

- The XRPL is fast, scalable, environmentally friendly and super cheap to use.

Chains like Ethereum can cost 100s of \$\$\$ to purchase, move or sell. The same actions on the XRPL cost fractions of a penny!!!

THE DAO

- **BAFC is building a DAO that is governed by the NFTs produced, the total of which is capped at 5000!**
- **A DAO (Decentralised Autonomous Organisation) is an organisation controlled by voting governance which is enforced by code. This means it is controlled by its members, and not by a single party.**

VOTING

- **Voting will be done through the BAFC Discord server. A custom bot has been set up to manage voting based on holdings.**
- **You will need to verify your wallet address by signing a Xaman (formerly XUMM) request within the server to get the required server role and access.**
- **The bot, and Xaman (formerly XUMM) payload is managed internally to give our members extra peace of mind when signing. But, always be wary of any payload you sign, more info on security can be found within our discord server!**

1 NFT = 1 VOTE

BORED APE FC MASTERS

- BAFC have partnered up with SFT Luton to create the best ANNUAL tournament for U9's in the UK!
- An early promise of the project was to support grassroots football, in 2023 the team started an annual feat and bringing the hottest summer tournament to NATIONAL U9s football.

2023 BY NUMBERS

- 3 team trophies
- 3 individual awards
- 13 professional academies
- PFA in attendance
- 1200 attendees
- 48 teams
- 267 games played
- 794 goals scored
