

Striving for excellence and exceeding expectations through efficiency and effectiveness!

CAPABILITY STATEMENT

C.D. WOODS TRANSPORTATION SOLUTIONS is an asset-based dry bulk material transportation company dedicated to providing solutions that satisfy our customers' hauling needs.

Everything we do begins and ends with efficiency and effectiveness. C. D. Woods sees corporate culture as an integral part of a successful business and a reflection of the company's standards. An effective culture promotes safety, customer satisfaction, efficiency, effectiveness, employee retention, and integrity.

EXPRESS | Expedited transportation services to move material from the quarry directly to customers' active commercial work sites and landscape projects.

STOCKPILING | Local transportation services for the replenishment of bulk material such as road salt, stone, gravel, or sand.

MATERIALS | Sand, salt, stone, decorative rock, fill dirt, river rock, gravel, slate, granite, marble.

REGIONAL | Our regional area of operation allows us to provide same day and next-day transport services to restock raw material inventories for customers with multiple locations throughout the Southeast.
