

**Experience**  
**TRADITION**  
**EMBRACE**  
**THE FUTURE.**

**More Than Just a Project –  
 It's a Small Business**

Youth involved in livestock programs have been working hard all year long – setting goals, gaining hands-on skills, and managing their animals as real-life small business ventures.

From daily care to budgeting, and from learning proper nutrition to marketing their project for auction day, these young people are building a foundation of responsibility, entrepreneurship, and leadership.

When you support them at the auction, you're investing in more than an animal – you're investing in their future.

**Another Way to Support  
 Yavapai County Youth:  
 Add-On Donations**

In addition to bidding at the auction, you can support a youth exhibitor by making an Add-On donation directly to their project. These tax-deductible contributions go a long way in helping youth cover the costs of raising their animals and continuing their agricultural education.

**Your generosity helps fuel their hard work,  
 dedication, and future success.**

**Support Local Youth & Fill Your  
 Freezer!**

Purchasing an animal at the Youth Livestock Auction is a great way to invest in high-quality, locally raised meat while supporting the hard work and dedication of Yavapai County's youth livestock exhibitors.

Your purchase helps fund their education, responsibility, and future agricultural goals – all while bringing farm-fresh meat to your table.

**What's Available at the Auction?**

A wide variety of market animals will be sold by our hardworking youth exhibitors. These may include:

-  Swine
-  Lambs
-  Market Chickens
-  Steers
-  Goats
-  Meat Rabbits
-  Turkeys

*Lets build a stronger tomorrow....  
 Together!*
