### **RULES AND REGULATIONS:**

#### **QUALIFICATIONS / CATEGORIES**

Open to all **non-professional** photographers to show their work. There is a limit of 10 print entries. There is no time limit as to when the picture was taken. Entries must be the **exclusive and sole work of the photographer.** Entries may not have been entered previously at the Yavapai Fair or in more than one department. All photographs must be the sole work of the exhibitor (w/ the exception of printing and mounting). Hand colored, toned and digitally printed images will be accepted if they are derived from the Entrant's original photograph. Digital images that have been post-processed to such a degree that the original image has been modified may be placed in the "Photographic Decorative Art" category (see below) at the discretion of the Superintendent. "Junior" includes all entrants through grade 12. "Amateur" and "Advanced Amateur" designations are self-defined based on length of experience and w/ the help of intake volunteers.

#### **PHOTOGRAPHIC BASED DECORATIVE ART**

Photographic images may be so alternatively or digitally processed that they may no longer be photographic likenesses of the original subjects. These images may be accepted and exhibited as "Photographic Decorative Art" at the discretion of the Superintendent and will judged separately in the Decorative Art category.

#### **DISPLAY RULES**

All prints may be mounted on **sturdy mat board** (not thin poster board), foam core, or printed directly on photo board, canvass or metal. Over matting is optional. While care is taken to protect entries from damage, ***the Fair and its volunteers cannot be held responsible for damage.*** **Framed images cannot be accepted. Maximum size for individual images, including mat, is 20 inches in any dimension. No images may be overprinted w/ text.** Each entry should have the entrant's name and phone number and the title or description affixed to the back of the mount.

#### **JUDGING / AWARDS**

Judges reserve the right to transfer entries to a different division or category if they feel the transfer is more appropriate for the image.
