This is a fundraising event for HFRA's annual contributions to the community. Our mission is to contribute more to the community than just our daily emergency response. We utilize our observations during emergency calls and referrals from the community to reach out to people in need and improve their quality of life.

Our contributions to the community often include but are not limited to: providing food, shelter, medical equipment/expenses, mobile devices for disabilities, house/property improvements, fulfilling end of life wishes, funeral expenses and much more.
