NO ELECTION THIS YEAR

All existing officers and Board members will run again. No one else came forward to run so there is no need for an election. The Corresponding Secretary position is still open. Since Ken Honsberger stepped down there is an opening on the Board.

FROM THE PRESIDENT

Hey Gang! Hope everyone had a great time, as much as could be with the rain and cold, in OCMD. Big thank you to Bob Heck for the hotel arrangements! Hope everyone is getting their Christmas Party reservations in, always a fun time to celebrate our past year for SDC! Make sure you check out CBL for all our shirt and jacket options.

Really would love to see the members get there black satin jackets like we did years ago! Everyone around knew you were a member of SDC by those jackets! On a different note, very disappointed on the lack of interest on everyone's part to be a Board member or an Officer. The only way this club moves forward is with new blood and ideas! Remember to get your membership renewals submitted! Till the next meeting at Alvernia……Save the Wave!!!

IT'S MEMBERSHIP RENEWAL TIME

Your membership will expire on December 31. You need to fill out the form at the end of this newsletter and send to the Vice President Norm Burton. If you don't do that by December 31 you will incur a $5 late fee and you will lose your tenure towards lifetime membership. Remember to include an extra $20 if you wish to have your newsletter mailed vis USPS.

Website Refresh

SDC WEBSITE

Have You Checked Out the Skyline Drive Website Lately?

Check out our fresh new look! While most of the changes so far have been cosmetic, there's much more work happening behind the scenes. Jim Johnson, Noel Torchio, and John Secoges have been working together to improve the site and make it a better resource for our members. Our goal is to keep the website current, informative, user-friendly, and a better reflection of our club's rich history and the many activities we enjoy today. You'll also begin to notice some changes to our email blasts, with a wider variety of topics, club news, and useful information to help keep everyone better informed and connected.

And we're just getting started! Future improvements will include the ability to pay membership dues online, register for the In-Vette-Tational, and much more—all directly through the website. It's an ongoing project, and we're excited about what's ahead. Take a look, explore the changes, and check back often as we continue to make improvements!

EVENT SIGN UP

Sign –up sheets for our events will be on the front table at our general club meetings at Alvernia. If you are new or have just never tried an event with the club, come out and see how much fun we have as a club.

FROM THE INTERNET

Honda is planning a big expansion in the U.S. The Nikkei newspaper reports that the automaker will invest $2.5 billion to build a new plant in Ohio, which would make large hybrid crossovers for both Honda and Acura. The company already has a large manufacturing base in the state and could start operations as soon as 2030 if it's able to wrap up negotiations with Ohio soon. The new plant would be Honda's eight in North America and it needs the space because all of its factories in the region are running near full capacity. .

Lawmakers in the U.S. are ramping up efforts to ban Chinese vehicles. U.S. senators are working on bipartisan legislation to permanently ban Chinese vehicles and are aiming to pass the bill this week. Chinese automakers are already prohibited from selling or building connected vehicles in the U.S. and Chinese-made vehicles are slapped with 100% tariffs. And this Senate bill would make those rules permanent and prevent the White House from issuing waivers to Chinese companies to sell in the U.S. There's also a version of the bill in the House of Representatives, which could be passed by the end of the year. Congress is stepping up its effort to ban Chinese
