PARTY IN THE POCONOS – THANK YOU!

The SDC Board of Directors would like to thank Sue & Rich Snyder, Janet & Harry Blankenbiller and the entire committee for the FUN time in the Poconos at the Bushkill Inn & Conference Center during the weekend of June 7-9. It takes a lot of work to organize an event such as this and the committee did an excellent job in tending to all details. Rich and Harry are even taking credit for the beautiful weather.

As you probably know, Sue chaired the entire weekend activities and Janet directed and produced the Murder Mystery Show which was a huge success. The volunteer characters did an excellent job and a lot of fun was had by all. There were plenty of nearby activities that kept the attendees busy throughout the weekend.

Thank You to All who attended and participated in the weekend salute to our 55th Anniversary.

40TH ANNUAL INVETTETATIONAL NEWS

by Bob Messner

Show Time! On Saturday July 20st our club will host our 40th Annual In-Vette-Tational car show! On behalf of your entire In-Vette Planning Committee we invite you along with your friends and family to enjoy this great club tradition. We are looking forward to a great day of fellowship, entertainment, food, amazing cars, as well as honoring our country and veterans. Most of all come out and enjoy the fun with us, as we celebrate

this milestone year. Your participation and support along with our sponsors are the key to making our club's Scholarship Program for our local youth successful.

Betsy and I recently visited the National Corvette Museum and had the opportunity to meet with multiple staff members that we know including Executive Director Wendell Strode. We wished him an enjoyable retirement on behalf of all of us at SDCC and thanked him for many years of promoting Corvette and growing the Museum. In addition I looked up Amy Hardin who is the NCM Development & Sponsorship Manager. You may remember Amy attended our membership meeting last year as a guest of Jack and Dor at the Classis Auto Mall. I extended our Invitation to come back and attend the In-Vette. She accepted and will be flying up specifically to attend our show to represent the Museum and help us celebrate our 40th In-Vette. Be sure to meet and say hi to Amy when you see her at the show, her personality is exceptional. This year we are kicking up our advertising for the In-Vette! We are reaching out to the hundreds of folks that registered at every past In-Vette with an invitation letter and flyer. Many thanks to members Ted and Ann Stalneckner who compiled this registration data over the years and for everyone involved in developing a creative way to send it using the club's new newsletter and email blast distribution program. In addition I was able to obtain the generous support of Lamar Advertising, to donate advertising time on their large electronic bill boards that display along roads throughout Berks County starting June 24th through July 20th. Lamar also donated time for their Art Department to assist in developing the graphics that will be displayed. I encourage everyone to keep an eye out for a bill board with our club name and huge yellow Corvette. If possible, safely snap a photo of the bill board and email it to me.

Many thanks to everyone that purchased our club's 40th In-Vette shirts and hats, with well over 100 shirts already purchased, the success is far above our expectations. Thanks to Donna Baumener for her extra efforts to organize and order the shirts for our club. We look forward to seeing everyone wear them at the In-Vette, it will be impressive! Sales of the 3D C7 Corvette paper weights are going great as well, thanks to two sponsors we are able to sell them below their values for only \$10. Contact me if you would like one before they are offered to the public at the In-Vette.

I look forward to seeing everyone at the In-Vette

LEMANS DISAPPOINTS

Corvette Racing's hopes for a magical victory in its 20th straight appearance at the 24 Hours of Le Mans didn't come to pass, but the effort of the program was never stronger than what the team displayed Saturday and Sunday in the world's biggest endurance race.

The No. 63 Mobil 1/SiriusXM Chevrolet Corvette C7.R of Antonio Garcia, Jan Magnussen and Mike Rockenfeller finished ninth in the GTE Pro category on a day where the trio was firmly in contention for the first 20 hours. Three unlucky safety car periods and an untimely late trip to the garage for repairs following a spin put a dent in the plans for a ninth class victory in 20 years.

Le Mans struck hard at both Corvette Racing entries. The No. 64 Mobil 1/SiriusXM Corvette C7.R retired following a heavy crash for Marcel Fässler near the six-hour mark. The incident happened in the lightning quick Porsche Curves toward the end of the lap. Fässler – driving with Oliver Gavin and Tommy Milner – was hit from behind after making a pass on a slower car with the impact sending the Corvette hard into the wall on driver's right.

The damage was too extensive to repair and return the car to the race. Fässler was evaluated at the track medical center and was sent to a local hospital for a CT scan, which came back normal. The No. 64 Corvette was up and down the order early with Gavin climbing from 11th at the start to fourth in class during his opening two stints. Debris on his tires made it challenging for him to maintain his early pace but he and Milner had relatively calm stints before handing over to Fässler, who was matching the pace of his teammates before in incident.

The momentum seemed like it was swinging permanently toward the side of the Corvette when disaster struck with three-and-a-half hours to go. Rockenfeller pitted for fuel, tires and a driver change to Magnussen during a safety car period. The pit stop was excellent – as they had been all race – but the pit exit was closed, which once again prevented the Corvette from catching the safety car queue that included the GTE Pro leader.

Once under way, Magnussen spun late in the lap at the Porsche Curves on cold tires and contacted the outside wall with the front-left of the Corvette. The crew repaired the suspension on that corner of the Corvette, losing just six minutes but two costly laps. A final late-race visit to the garage thwarted any hopes of gaining additional positions.
