

FEBRUARY 2019 NEWSLETTER

The Colorado Springs Orchid Society will have its February 2019 meeting on Saturday the 23rd at Fire Station #14, 1875 Dublin Blvd. The fire station is at the intersection of Academy and Dublin behind Yorkshire Veterinary Clinic. From Academy Blvd, turn east onto Dublin, then take the first right. The meeting starts at 10:00 AM with social time and set-up between 9:30 AM and 10:00 AM. See our website for directions and a map.

The club provides plants each month for the raffle and members are encouraged to donate divisions of their plants for the raffle table. Raffle tickets are \$1 each. Bring your blooming orchids for Show & Tell and receive a free raffle ticket.

Members can purchase raffle plants outright before the raffle begins for the price listed on the plant – If you have a question about a raffle plant or the price, speak with Robin. We encourage members to bring their divisions to sell or for the raffle table.

This month refreshments will be provided by those whose last name begin with the letters A to F.

President's Message

I had a sit-down the other day for my occasional haircut. Hopefully, it is appreciated by others although it is maybe not noticed as much as when I don't groom myself so well and look a bit scruffy.

Like when I'm watering orchids and notice some spent flowers or a leaf that needs to be trimmed off. But then trimming off a spent leaf leaves a back bulb that might just as well be removed. That sounds like a project involving repotting, usually a chore for springtime.

But then, OMG, springtime is essentially here! It's time to start taking stock of all the plants I've noticed in need of a good trimming and repotting. Or check the label and see how long it's been since the last repotting although some can indicate a need for repotting after only a year or less while some can easily go for 3 or 4 years.

Next, check for availability of clean pots, potting media and especially space if some need to be moved into larger pots or baskets to include the growth of the plant. Or maybe if enough back bulbs or divisions are removed, smaller pots are needed. But then those divisions need pots and space too.

Divisions can be given to friends, traded with friends or received from friends. Space is the issue. Most of the orchid growers I know say they have all the orchids they need to fill their space. However, most of us are willing to take on one or two more orchids and stand in line to buy raffle tickets.

Aren't we an interesting lot!

Good Luck and Good Growing,
Roger Stone
