

## MAY 2019 NEWSLETTER

The Colorado Springs Orchid Society will have its May 2019 meeting on Saturday the 25th at Fire Station #14, 1875 Dublin Blvd. The fire station is at the intersection of Academy and Dublin behind Yorkshire Veterinary Clinic. From Academy Blvd, turn east onto Dublin, then take the first right. The meeting starts at 10:00 AM with social time and set-up between 9:30 AM and 10:00 AM. See our website for directions and a map.

The club provides plants each month for the raffle and members are encouraged to donate divisions of their plants for the raffle table. Raffle tickets are \$1 each. Bring your blooming orchids for Show & Tell and receive a free raffle ticket.

Members can purchase raffle plants outright before the raffle begins for the price listed on the plant – If you have a question about a raffle plant or the price, speak with Robin. We encourage members to bring their divisions to sell or for the raffle table.

This month refreshments will be provided by those whose last name begin with the letters S to Z.

## President's Message

It keeps coming to mind as to why I choose to grow orchids. I find them challenging, rewarding, frustrating; all these things and more.

I guess I value my orchid collection for its therapeutic value. I can get into watering, fertilizing, repotting and other activities as an escape from dwelling too much on other problems, whether it's national or international politics, global warming or excessive development in my neighborhood or more personal problems. Orchids or other gardening exercises don't necessarily make me forget these problems. I find my hands stay busy but my mind can still think about other things. As with most of these problems, thinking about them never gets them solved but any physical distraction helps me lighten my mental load. But then at my age my mental load is getting lighter and lighter anyhow.

My orchidarium is like a man cave for me. I can escape people and the news. I can relate my more recently acquired information to what I knew before. I take comfort in tending my orchids knowing they will not distract from my mental disjoint.

So to keep me mellow, I just escape to my own little private world.

Good Luck and Good Growing,  
Roger Stone
