AUGUST 2019

NEWSLETTER

The Colorado Springs Orchid Society will have its August 2019 meeting on Saturday the 24th at Fire Station #14, 1875 Dublin Blvd. The fire station is at the intersection of Academy and Dublin behind Yorkshire Veterinary Clinic. From Academy Blvd, turn east onto Dublin, then take the first right. The meeting starts at 10:00 AM with social time and set-up between 9:30 AM and 10:00 AM. See our website for directions and a map.

The club provides plants each month for the raffle and members are encouraged to donate divisions of their plants for the raffle table. Raffle tickets are \$1 each. Bring your blooming orchids for Show & Tell and receive a free raffle ticket.

Members can purchase raffle plants outright before the raffle begins for the price listed on the plant – If you have a question about a raffle plant or the price, speak with Robin. We encourage members to bring their divisions to sell or for the raffle table.

This month refreshments will be provided by those whose last name begin with the letters M to R.

Roger's Den. (bracteosum x tannii)

## President's Message

The days are getting shorter. The mornings are getting cooler. That could indicate that fall is coming. It's time to try to remember all those chores I put off last winter, waiting for warmer weather. Maybe someday with this global warming I can do these chores all year round.

The good thing, or the bad thing depending on how you look at it, about indoor plants like orchids is that there is no off season and they need to be maintained year 'round. Substitute enjoyed for maintained. Watering and fertilizing need to be done regularly although the need for that can be diminished somewhat as growth slows down and the days get shorter and cooler. Orchids under lights could be different as day length may or may not be a factor. But considering that some orchids bloom on a very seasonal basis, lights should be regulated to simulate seasonal changes.

Springtime is generally regarded as the season to repot orchids. However, another repotting indicator is the beginning of new growths and especially new roots. Different orchids can show this at other seasons of the year. I find in my collection that somewhere there always seems to be plants showing that they are at a good stage for repotting and/or dividing. Sometimes instead of repotting a plant, I just cut off a lead with some accompanying pseudobulbs and pot that up, leaving the original plant in the pot as backbulbs that can be left to start new leads or disposed of as it suits.

It's time to haul off my recyclable metals, accumulations of disposable items like a satellite dish. Luckily the place I take them is only a few blocks from the orchid shop.

Good Luck and Good Growing

Roger Stone

A few more of Roger's July 2019 Blooms:

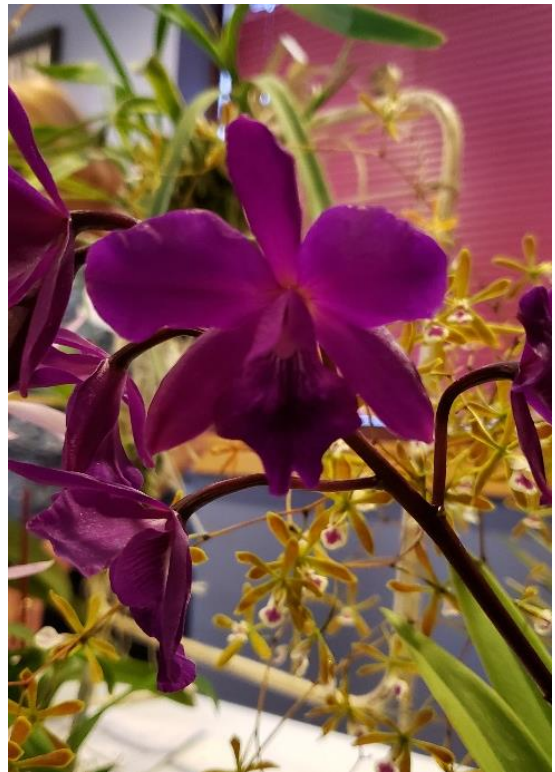

Rlc. Chyong Guu Linnet and Lc. Hausermann's Sultan 'Summer Spectacular'

*E. adenocaula*, *V. Alan Ashe Patterson* and *E. tampensis*

And more of Roger's July 2019 Blooms:

*Rst. ehrenbergii* and *Gcy. Rossy Ochoa*

*Max. valenzuelana* and *B. cucullata*

Two more of Roger's July 2019 Blooms:

Gom. Alosuka 'Claire' AM/AOS and Mrclm. trinasutum

Two of Bob Steele's July 2019 Blooms:

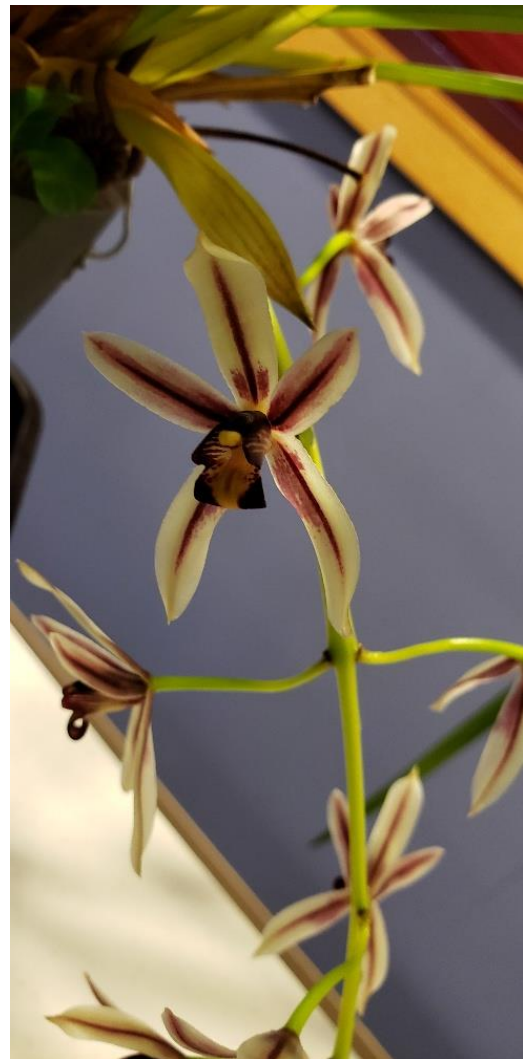

Brat. Leopard Glo and C. Hawaiian Wedding Song 'Virgin' HCC/AOS

And a few more of Bob Steele's July 2019 Blooms:

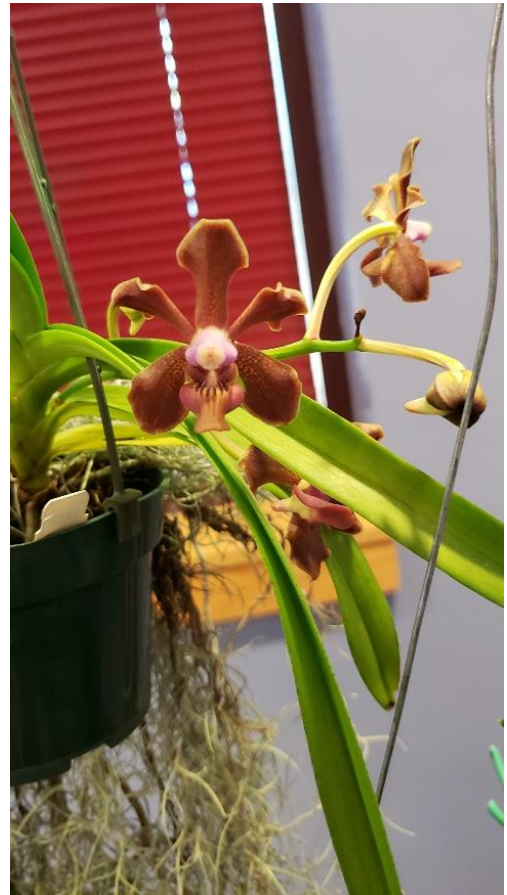

Phrag. Robert Palm and Phrag. Manzur la Aldea

Den. tobaense and Cym. dayanum

Aaron Gross' July 2019 Blooms:

Onc. Pacific Sunrise 'Hakalau' and V. schilleriana (not valid)

Some of Amal Cooke's July 2018 Blooms:

Kefst. costaricensis 'Natural World' and Den. schuetzei

Milt. Sunset and V. Bangkok Blue

And 2 more of Amal's July 2019 Blooms:

V. Kitty Blue and V. coerulea hybrid

V. Pachara Delight grown by Chris Buchanan

Some of Kathy LaBree's July 2019 Blooms:

Rlc. Mac Holmes 'Newberry' AM/AOS and Paph. Hsinying Pinolime

C. Hawaiian Wedding Song 'Virgin' HCC/AOS

Bro. sanguinea and Lys. Red Jewel grown by Frank/Pat Tuxworth

Den. leonis grown by Lois Dauelsberg
