President's Message

Coming at you from the comfort of my easy chair after a weekend attending the Denver Orchid Show. It was a great show, maybe not as big as in the past but considering the long pandemic shutdown and the resulting downturn in membership things looked positive.

The Show was rather well attended by the public and the plant sales went well indicating not everyone is suffering from the economy and the maybe impending recession. Folks are trying their best to live their lives normally and are determined to push through the world's problems.

Speaking about world problems, I will be bringing in some orchid divisions and potting materials from the great Frank and Pat Tuxworth collection. Due to various health problems and the breakdown of the watering system in their greenhouse the decision was made to call it quits. I will surely miss Frank's experience and knowledge of orchids as well as his sense of humor. We can all hope that they will continue to attend our meetings and grace us with their presence.

See you at the meeting,
Roger Stone
