## President's Message

C. Bella

According to the calendar and the [sun](#), Spring is here. However, Mother Nature can't seem to make up her mind. At least these last storms are bringing an appreciable amount of moisture which we really need.

We are going to be returning to Firehouse 14 community room for our meetings for the foreseeable future. Masks and vaccinations are not required so your protection is ultimately up to yourself. Hopefully this Covid thing has done its worst and we can start getting back to our normal meetings and other activities.

As I mentioned before, many of my orchids were repotted in 2019. Now, many of these are showing signs of needing a repot so they can get back in their pot. I'm going to try doing more research on individual orchid parentage to determine if they might do better in another medium or even mounted. Now I can have some fun finding some appropriate and decorative mounts to make some orchids much more aesthetically appealing!

Stay well,
