## President's Message

My golly, we've sure been the recipient of some wintery weather lately. I reckon we can be expecting some more decent weather next.

I had a call from Terry indicating she would be bringing some more divisions from Stan. She also claimed she had a spike showing on the CSOS 2019 Mystery Plant that she purchased.

As I announced at our last meeting, November is the month we elect officers for our club. I talked Allison into trying on the President's hat and she indicated in the affirmative. Kaoru sent me an email asking if she might take on some responsibility, maybe she could be our new Vice President! Lorie has said she will gladly keep her position as Treasurer. Joan does a great job on our newsletter so I would recommend she continue that job as long as she and you please. None of these jobs have a job description as such so we just muddle along as best we can.

I have served as the president for maybe 14 years as well as I can determine. It has surely been a privilege and a pleasure to work with Y'all. Sometimes discussions get to the point of it being like herding cats, but I feel it necessary to let everyone have a chance to get their say. Please give our new President a little space and time to get acquainted with all our peculiarities.

See you on the 26<sup>th</sup>,
