President's Message

Kids are heading back to school, the days are getting shorter, and I am in complete denial that summer is coming to a close! Where did it go? The silver lining is that we are less than a month from the next Denver Orchid Society Show and Sale on September 16th and 17th, with setup on the 15th at Nick's Garden Center in Aurora. Now that we are a few weeks out, please take stock of your collection and get a feel for who would be ready for the limelight come mid-September. When we gather on Saturday, we will take stock of what we could have ready for an exhibit. Keep in mind that if you cannot make the show, your orchids can still go. Transportation arrangements are easily made.

At our meeting in July, we had the first of Cheryl's raffles. For those that could not make it or did not catch the last newsletter (Joan works hard on the newsletters, read them and make her proud!), in a tremendous act of generosity, Cheryl Graysar gifted nearly all of her orchids, largely Cattleyas, to our membership upon her passing. The remaining approximately 30 plants will be raffled at our next meeting. One ticket for "Cheryl's Raffle" will be given to each CSOS member in attendance. The orchids to be distributed are listed in this newsletter, and the raffle will determine the order of choice from the orchids presented. Many thanks to Kaoru for locating and printing photos of the orchids that were up for the raffle in the July meeting! That was brilliant, and thank you again to Roger and Joan for the coordination and care that has gone into making this large collection available to all of us.

Matt has divisions from Bob Steele that will be in the regular raffle in August. However, with so many Catts at the next meeting, the arrival of Cattleya divisions from Stan Brown will be delayed. Switching gears to auctions, it is nearly that time of year, and we will also discuss the annual CSOS orchid auction at the next meeting.

In the June meeting, we began screening "Cattleya Species Culture" by Bill Rogerson. In July, we had a full morning, and we have a lot of ground to cover in our meeting this week too. We may end up hitting pause again, but if time permits, we will continue this webinar when we gather on Saturday.

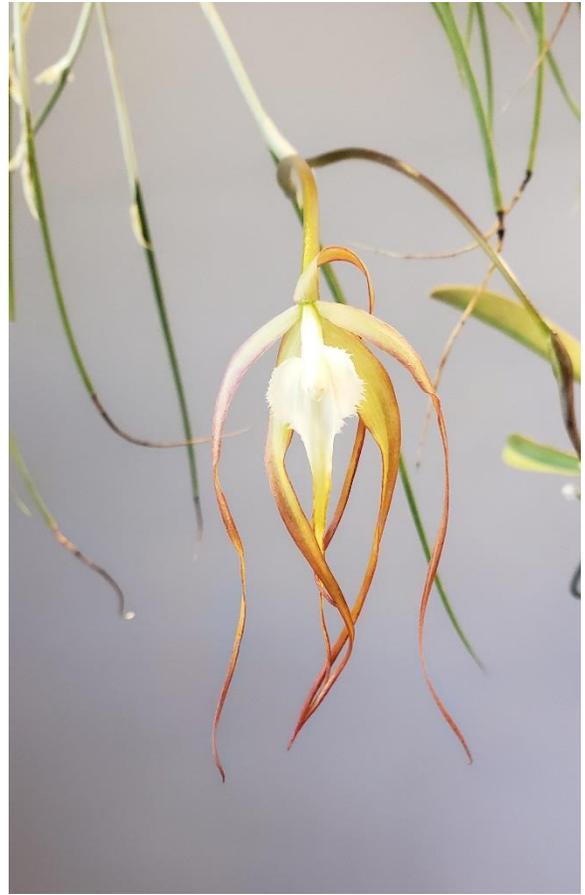

Have fun exploring your collection for possible exhibit entries & see you at the fire station on the 26th!

Cheers,
Alison Dino
