Shaping Tomorrow's Milking Technologies

For dairy farmers, consultants, students, and service providers to discuss strategies for implementing AMS technology .

Conference Highlights:

- **Expert Presentations:** Learn from leading experts Douglas Reinemann, Stephanie Plaster, and Carolina Pinzón from the University of Wisconsin; and Jim Salfer from the University of Minnesota.

- **Key Topics:** Choosing the right system, labor efficiency, herd health impacts, data-driven diagnostics, and key considerations before transitioning to robotic milking systems.

- **Producer Panel:** Hear firsthand experiences and lessons learned from dairy farmers who have implemented robotic systems.

- **Networking Opportunities:** Connect with industry experts and peers to share insights and strategies.
