## CAREER OBJECTIVE

Professional, goal driven and highly self-motivated individual with a positive attitude and a strong drive for career development, I thrive when working as part of a team. My professional experience, from working in the design industry over the past 4 years, has allowed me to further my skill set across interior design, architecture and renovations. I have a genuine passion for the built environment- and am driven by establishing strong relationships with clients, colleagues and suppliers. I love problem solving, and finding clever design solutions, especially in small or challenging spaces. Having completed the double degree in Architecture and Construction Management, my skills delve into multiple areas of the built environment.
