Recital Videos

Let the professionals capture the memories!

There is nothing more frustrating than paying money to attend an event only to watch it through the cell phone or tablet of the person in front of you! The blue light from your device is an unwanted distraction and a danger to the performers. Put away your device and enjoy making memories watching a live performance. There is truly nothing like it!

Videotaping of any kind during the Recital is strictly prohibited.

A Professional videographer will be recording the performance. All families will be given access to an HD Digital Download of the performance FREE of charge.
