Dear Friends of the Milton Lutheran Church,

Grace and peace to you!

Where is God? Have you ever found yourself asking this question? In our family, especially when the kids were younger, we would take some time each day and share God moments with each other. Either at dinner time or before bed we would share stories of the places, we saw God at work in our lives.

I have found myself asking this question a lot recently. Why? Because things have been so chaotic. I think for many of us the busier our lives get the more likely we are to forget God is at work in the world. This past month the ministry at MLC has taken off like a rocket. A month ago, we found out about the fire at Milton Developmental Services and graciously dozens of people from our congregation stepped in to provide meals, coordinate groups, do meal-planning, and provide transportation for the staff and residents.

Providing for this need has been a humbling experience to say the least. We have not always known how to respond, we have learned along the way, but amid that God has always been present. As your Pastor want to take a moment and give thanks for all the people who have stepped in to provide support. Literally dozens of volunteers have taken time away from family and

other commitments to be here and do this important work. You all know who you are. I give thanks to you. You have demonstrated God's hands and feet in the world. You are a God moment.

As we continue our journey through lent. I continue to ask, where is God? So far, I've seen God in our prayer cross as people come forward each week to write down their prayers and tie them to the cross. I've seen God in our healing service as people came forward in faith, trusting that God sustains us through the healing power of his love. I've seen God in the joy and laughter as we gather as a community. I see God each Sunday morning as we take time to greet one another. I've seen God in our small groups that meet for fellowship, faith formation, and great good. I've seen God in my conversations with our homebound members. I've seen God in our self-care sanctuary as we continue to meet a vital need in our community and build relationships with new people. I've seen God in the dozens of congregations, restaurants, and organizations who have volunteered in support of MDS. I've seen God in our ministry partnerships. I've seen God in the young people in our church who bring so much life to our community. I've seen God in all of our volunteers who serve selfishly to further the mission of our congregation. I've seen God in new people coming to our church and seeking to get more involved. GOD IS EVERYWHERE!

My friends, as we continue this Lenten journey. Take a moment and ask, where is God in your life? Because I know God is there!

FELLOWSHIP & MEANINGFUL CONVERSATION

A brown silhouette of a person with a backpack is shown from the back, looking out over a misty mountain landscape. The person's right hand is raised to their forehead, shielding their eyes from the sun. In the background, there are green evergreen trees and a range of mountains under a blue sky. A green mountain peak icon is positioned above the person's head.
