

COPS AND ROBBERS

"Cops and Robbers Soccer" is a fun and active variation of soccer that combines elements of tag and shooting practice. Here's a brief description of how to play:

Mark out a square area using four cones or markers, large enough for the players to move around comfortably but small enough for the action to be engaging.

The referee takes on the role of the "robber." The robber's job is to move around the area avoiding being hit by soccer balls.

The players are the "cops." Their objective is to dribble and shoot their soccer balls at the robber to "catch" them.
