business constraints and rising expectations. Add the complications of regulations, engaging a multi-generational work force, constantly evolving technology, economic pressure, plus the chaos of day to day life; and you have a serious challenge.

*“After facing the same frustrations from the front lines to the executive level for more than 20 years; I believe the answer is in equipping individuals at all levels to think, act and influence as leaders in their environment.”*

Manley's Reaching Your Next Summit Keynote will help equip participants to lead on the edge and realize more in their lives and work every day.
