Its easy-to-read format makes it ideal for each and every employee of your workforce. This book is tailored to organizations that intend to create workplaces where it is difficult to get hurt. It is a great learning tool to provide to everyone who attends Carl's presentation.

## ABOUT CARL POTTER, CSP, CMC

Carl Potter works with organizations that want to create workplaces where it's difficult to get hurt and with workers who want to go home every day without injury. He presents to, trains, and consults to leaders at all levels of organizations in high-risk industries such as electric utilities, petrochem, oil and gas, and manufacturing.

Since 1992 Carl has owned his own company and has worked with organization throughout the U.S., Canada, and the uttermost parts of the world, using his experience and education to help leaders build, sustain, and maintain safety cultures where everyone is more involved in the safety process, more disciplined to behave safely, and more committed to a zero-injury workplace.

Carl is a certified safety professional (CSP) and certified management consultant (CMC). He worked 17 years in field operations for one of largest electric utilities in the country and holds a Bachelor of Science in Technical Management. Carl has authored 13 books, including the best seller *Who is Responsible for Safety?*
