STUDENT IN 7th or 8th Grade for High School Math or Foreign Language only

\$100 per subject paid in full indicate number of classes needed _____ x **100** = _____

TOTAL PAYMENT DUE (Make Checks Payable to The Noah Webster Center) \$ _____

ACCEPTANCE OF TRANSFER CREDIT

We accept transfers of course credit earned in other schools **if accredited** by the Georgia Accrediting Commission, the Georgia Association of Christian Schools, the Association of Christian Schools International, the Southern Association of Independent Schools or a regional accrediting agency such as the Southern Association of Colleges and Schools (SACS).

Course credit earned in an **unaccredited** independent study program, or credit earned under an accreditation other than those listed above, prior to enrollment in the Noah Webster Center will be accepted based on a review and evaluation of course records and will be included in the accredited transcript. Accreditation of this course work is available only after the completion of 1 full academic year in the Noah Webster Center. Tuition for the review and evaluation of unaccredited course records is the same as tuition for enrolled courses.

CERTIFICATIONS

Are you a state certified teacher Yes No If yes, Certificate No. _____ Type _____

We require that all teachers, whether the home teacher or tutor, hold a bachelor's degree as required by our accrediting agency. The Noah Webster Center sponsors 8 hours of informational seminars for tutors/mentors who have not completed a college degree, and requires all tutors/mentors not possessing college degrees to complete at least 8 clock hours of this instruction in order to be registered as an instructor.

TESTING CRITERIA

I understand that the Noah Webster Center requires proctored quarterly testing to be performed in the following manner.

Testing is an important part of teaching. It is how we measure our progress and that of the student. For purposes of an accredited transcript, **tests need to represent the retained knowledge of the student**. Therefore, while open-book tests may be used in a normal home school routine, the Noah Webster Center requires that the quarterly supervised tests are without books or notes. In the instance of a test requiring the **use** of several formulas, a 3x5 note card list of the formulas may be allowed. In Geometry, Algebra 2, Chemistry and Pre-Calculus the use of a calculator or graphing calculator such as the TI-83 is acceptable. No other use of calculators or other helps is allowed.

I understand that the Noah Webster Center has determined a schedule of certain times for proctored tests, and the test schedule requires that I schedule the progress of my class(es) for test periods within these windows for continuity of the program. I also understand the requirement for providing grade history and clock hours for each course.

ATTENDANCE REPORTING

GUIDELINES FOR ATTENDANCE REPORTING

According to the Georgia Homeschool Law, parents must annually submit to the Georgia Department of Education a Declaration of Intent to Utilize a Home Study Program by September 1 or within 30 days after a home school program is established. The school year must include the equivalent of 180 days of at least 4-1/2 hours of instruction per day. Attendance reports must be submitted annually to the Georgia Department of Education which will provide for electronic submittal of such reports. The Georgia Department of Education provides for electronic submittal of the Declaration of Intent and attendance reports.

HOWEVER

Our accreditation rules require that we also receive a copy of everyone's attendance reports.

To meet all the reporting requirements, we require participation in HomeschoolCompliance.com for attendance records. This website allows you to file your homeschool Declaration of Intent and attendance records online and automatically provides us with a consolidated copy of all your attendance records. There is a small charge of \$1.00 a month for your family. (That's \$12 PER FAMILY).

A copy of your Declaration of Intent and attendance reports will automatically be sent to you and to us.

There are several time-saving features that will enable you to file your attendance in less than 30 seconds. On the 1st of each month you'll receive an email reminder to file your attendance. From that email, a single click takes you to a pre-filled copy of the previous month's calendar which you will need to review for accuracy (Monday - Fridays are pre-checked as days attended). It also auto calculates the total days of attendance each month as well as the cumulative days for the year.

When registering with the Noah Webster Center, please visit the following link and take 2 minutes to setup an account.

PROGRAM COMMITMENT/REQUIREMENTS

GUIDELINES FOR REQUIRED DOCUMENTS AND TESTING

It is important that the parents of the Noah Webster Center students maintain active involvement in their student's education throughout the high school years, and therefore, there are several commitments to which the parents, as a vital part of our adjunct faculty, must adhere:

- Parent understands that legally the student is still viewed as a "homeschooler" and must complete requirements as outlined by the State of Georgia and the county in which they reside.
- Parents commit to provide Noah Webster a copy of the Declaration of Intent to Homeschool and attendance records through use of the HomeschoolCompliance.com website showing a cumulative 180 school days.
- Parent must attend one New Parent Consultation, and each following year, the parent must attend an Annual Parent Planning Meeting.
- Parent will review Graduation Requirements and in coordination with the Center Manager or staff, determine the appropriate course of study. Parent and student will sign the Program Commitment/Requirements document showing agreement to the terms.
- Parent agrees to use curriculum approved by the Noah Webster Center for course work to be transcribed.
- Parent commits to requirements for proctored testing and the use of tutors as discussed in the New Parent Consultation, including the submission of quarterly gradesheets or semester grades given by tutors. The grade sheet should show a numeric grade for each test and an average for the at-home work as well as the proctored exam as a separate grade.
- Parent commits for standardized testing each year. During the freshmen year, the student must take the IOWA or Stanford Basic Skills Standardized Test and must take the PSAT, SAT or ACT in each of the other high school years.

We require that all tutors hold a bachelor's degree as required by our accrediting agency. For classes completed with the assistance of a tutor without a degree, the Noah Webster Center will treat grades in the same manner as classes completed without a tutor (proctored exams).
