Contact Name: _____

E-mail: _____

Phone #: _____ Zip Code: _____

Suppliers Name: _____ *Drop shipping only

I will pick the wheels up myself (local)

****NOTE****

*When the modification is finished, we will send you the dimensions and weights for the return shipping. Then send us the return labels for your wheels so we put them on the boxes. Through your shipper you will request a pickup (from our location).**

Description of Modification *(Please read carefully)*

Widen the inside of wheel Narrow the inside of wheel

Finish down weld beads *(additional \$75 per wheel)*

(ex. Add 2.5" to inside)
--

Note* (Ex.) Do not ask to make an 8" wheel into a 10" wheel.

Instead, please ask to add 2"
(This is to avoid confusion between different ways of measuring a wheel)

Required Price Quote: _____ "per wheel" ... (please call/Email for quote)
Customer Signature: _____ Date: _____

****Please be sure to double check your measurements, specs and clearances... We will modify your wheel according to what is written on this form. If your tires do not fit your wheels or your wheels do not fit your vehicle, we are not responsible. Keep in mind the net gain of the addition is subject to a cut tolerance of 1/16"-1/8" due to the parting of the wheel. All work is final after form is signed by the customer****
