AurumRed Gold Series 2011

AurumRed is set-apart into a world of its own from what is so far known of wines; they are the essence and embodiment of Elegance. AurumRed wine remains the epitome of perfection. The delicate care given to each plant ensures and maintains the highest quality standards of the AurumRed Brand; the Founder of Bodega AurumRed Wines, Hilario Garcia, carefully and personally selects and picks each grape by hand from AurumRed's 100+ year old Vines of the autochthonous Cenibel variety – each grape must be perfect to become AurumRed Gold Series, the most expensive wine in the world! Only 300 bottles are produced of the Gold Series annually, and out of that only 150 bottles of this exclusive ultra-premium wine goes to market – and only 50 bottles to the Americas. Immerse yourself in the luxurious ambiance of AurumRed Gold Series 2011!
