# RIDING FOR A BRIGHTER TOMORROW

PENINSULA COMMITTEE CHILDREN'S HOSPITAL Celebrating 68 years – 1957 to 2025

Welcome to the 67th Annual Portuguese Bend National Horse Show (PBNHS) benefiting Children's Hospital Los Angeles (CHLA)! Since 1957, Peninsula Committee Children's Hospital (PCCH) has raised funds in support of CHLA. Our theme this year, "Riding for a Brighter Tomorrow," highlights our commitment to CHLA's mission of creating hope and building healthier futures for children in need of specialized care. All proceeds raised from the show will benefit two specific programs at CHLA – the Associates Chair in Pulmonology and Sleep Medicine and the Associates Chair in Ophthalmology. We are honored to have both competitors and spectators joining us in this important mission.

Highlights of the show include the PCHA Horsemanship Finals 14 & under, the PCHA Karen Healey Adult Horsemanship Finals 18-34, and the PCHA Victor Hugo-Vidal Adult Horsemanship Finals 35 & over. Congratulations to all of our medal finalists! We are also welcoming some of the top riders on the West Coast who will compete for the \$10,000 Seahorse Open Jumper Classic and the \$10,000 Harman Family Junior/Amateur Jumper Classic. Along with these special classes, we are excited to present our new \$5,000 Seahorse USHJA National Hunter Derby as well as two returning \$2,500 Child/Adult Hunt & Go Derbies.

Be sure not to miss the other attractions at the show! There are delicious food and drinks at the booths, great gifts and merchandise at Haybale Boutique, and fun and entertainment for the whole family at the Children's Circle. Our volunteers – over 200 of them in blue and white checked shirts – are here to ensure you have a wonderful experience.

Thank you for supporting the Portuguese Bend National Horse Show and helping us bring a brighter future to patients and their families receiving care at CHLA!

Jennifer Yakubik, Horse Show Chairman

Jan Van Riper, President

All proceeds from the Portuguese Bend National Horse Show will be directed to THE ASSOCIATES CHAIR IN PULMONOLOGY & SLEEP MEDICINE and THE ASSOCIATES CHAIR IN OPHTHALMOLOGY

Under the leadership of Dr. Sally Ward, MD, the Associates Chair in Pulmonology and Sleep Medicine will provide comprehensive treatment of congenital, inherited and acquired disorders of the lungs and respiratory system. The program is the first and only multidisciplinary clinic addressing the needs of children with complex breathing and feeding disorders in the Southern California region and treats conditions including asthma, cystic fibrosis, lung cancer and respiratory failure.

The Associates Chair in Ophthalmology will support the leadership and vision of Thomas C. Lee, MD, who is Chief of the Division of Ophthalmology and Director of The Vision Center. CHLA's Vision Center is an international referral center for children with complex eye diseases and the only program of its kind in the United States with expertise in virtually every pediatric ophthalmologic subspecialty. Through use of the latest medical diagnostic protocols, surgical treatments, and cutting-edge research, CHLA's experts treat a range of complex eye diseases in infants to young adults.

## **CHLA MISSION**

We create hope and build healthier futures.

## **CHLA HISTORY**

Founded in 1901, CHLA is the oldest free-standing children's hospital in California and one of the nation's leading children's hospitals, acknowledged worldwide for its leadership in pediatric and adolescent health. CHLA is the top ranked children's hospital in California and a top 10 children's hospital in the nation, according to the prestigious *U.S. News & World Report* Honor Roll of Best Children's Hospitals for 2024-2025. The hospital is home to The Saban Research Institute and is one of the few free-standing pediatric hospitals where scientific inquiry is combined with clinical care devoted exclusively to children. CHLA is a premier teaching hospital and has been affiliated with the Keck School of Medicine of USC since 1932.

Congratulations to PCCH for 67 years of fundraising for CHLA!

Good luck to all the riders!

# FEATURED CHILD

# / Neet-LUNA

Twelve-year-old Luna has always had a heart full of imagination, kindness, and courage. She's a natural nurturer, an artist, a daydreamer, and a friend to everyone, especially younger children, who are drawn to her playful and gentle presence. But her deepest connection has always been to animals, especially horses. When she rides, the rest of the world seems to melt away. "It's like all my worries disappear," she says.

In early 2024, Luna's life took an unexpected turn. What began as a routine doctor's visit led to the discovery of a large atrial septal defect; a hole in her heart that had gone undetected for years. The news came as a shock, but Luna met the moment with grace and determination.

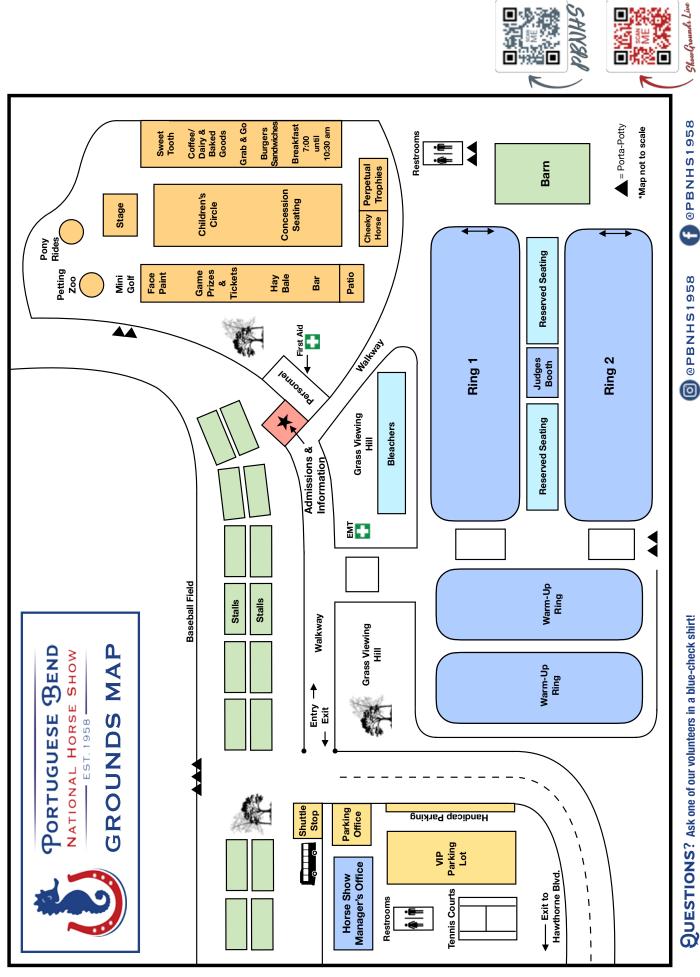

That March, Luna underwent a heart procedure at Children's Hospital Los Angeles (CHLA), where her cardiologist, Dr. Darren Berman, led a minimally invasive closure of the defect. Standing by was renowned thoracic surgeon Dr. Vaughn Starnes, ready to perform open-heart surgery if needed. This collaborative approach was a major reason Luna's family chose CHLA; unlike other hospitals that would have required a second procedure on a different day if the device closure failed, CHLA's team ensured both options were available in one setting, a level of care and coordination that brought immense peace of mind.

While there were a few unexpected complications that required extended care and follow-up, Luna's medical team at CHLA rose to every challenge. Their expertise, compassion, and tireless dedication helped transform a frightening situation into one of healing and recovery.

Today, Luna is thriving and all restrictions have been lifted. The journey wasn't easy, but Luna prefers not to dwell on the medical details. Instead, she chooses to focus on the future — to performances on stage, spending time with her family and friends, and most importantly, riding horses again. Her resilience is quiet but profound, and highlights how compassionate care, combined with her determination to return to the things she loves, can turn healing into forward momentum.

# HIGHLIGHTS

# LONG BEACH MOUNTED POLICE

We are honored to present the internationally renowned LONG BEACH MOUNTED POLICE. This unit is comprised of individuals who volunteer over 1,000 hours annually to promote the City of Long Beach and the Long Beach Police Department. Founded in the 1930's, this group raises money for veterinary student scholarships. Always in high demand, the troop has participated in events in Calgary, Rio de Janeiro, Honolulu, Cheyenne, Santa Fe, a large number of the Pasadena Tournament of Roses, and two presidential inaugurations. The group's theme song is "God Bless the USA – Proud to be an American" by Lee Greenwood. The beautiful golden Palominos are individually owned and maintained by their riders. The sterling silver saddles are works of art reflecting the traditions of early California.

# AMELIA CAPIO National Anthem Singer

Amelia has been singing since before she could talk and has been doing musical theatre shows since the age of 7. Orange County School of the Arts, Interlochen Summer Academy & Broadway Arts Alliance trained, she is a current theatre student at Los Angeles County High School of the Arts (LACHSA) and of Natasha Remi Music Studio. She is excited to sing the national anthem for her very first time and is grateful for the opportunity!

# HORSE SHOW MANAGERS

ASHLEY KEELER has been a part of the horse show industry for over 30 years as a trainer, rider, and horse show staff. She has shown all over the country and earned USEF A/O Hunter of the Year in 2006. Ashley's experience in and out of the horse show arena help her to understand all the details that go into the horse show and to better serve the exhibitors. Steve always refers to Ashley as simply "the best there is at running a horse show office."

# **JUDGES**

**ELLEN GATES** is a hunter jumper trainer from San Juan Capistrano, CA and a "R" Hunter, Equitation and Breeding judge. Ellen grew up in Santa Barbara and competed extensively on the West Coast, winning championships and California Medal Finals. More recently she moved to San Juan Capistrano and runs her training business there — Cold Spring Farm. She has coached riders to many local and national championships, as well as developed competitive jumpers all the way to Grand Prix level. Ellen has been judging horse shows nationwide for 30 years, and has judged many NCEA shows including the Big 12 championships in 2021.

KRIS NIXON is a "R" hunter and equitation judge from Arvada, Colorado. After her junior career, Kris was a trainer, rider and owner of Noontide Farm in Parker Colorado for 30 years. After selling her farm and closing her training business, Kris now focuses on judging and running the Rocky Mountain Horse Rescue, a nonprofit horse rescue dedicated to rescuing and rehabilitating abused and neglected horses, mules and donkeys. The Rocky Mountain Horse Rescue currently has 50 equine residents.

MARIA TAKACS is a USEF "R" Judge in Hunter, Jumping Seat Equitation and Hunter Breeding. She judges Premier, National and Regional Horse Shows throughout the United States and Canada. Maria rode to many national titles including Devon, The Pennsylvania National, Washington International and The Capital Challenge. She owns and operates Heathersfield Farm LLC, a private training stable located in Bedminster, New Jersey. Her students, which include her daughter, Samantha Takacs, have won numerous national titles including the USEF Pony Finals, Devon, Harrisburg, Washington and The Capital Challenge. Maria received her B.S. in Economics from Lafayette College and earned her CPA license in the State of Pennsylvania. Before opening her stable, Maria worked as an Institutional Salesperson for Morgan Stanley in New York City where she was a Principal in Emerging Market Debt.

# PCHA VICTOR HUGO-VIDAL ADULT HORSEMANSHIP FINALS, 35 & OVER

# PCHA KAREN HEALEY ADULT HORSEMANSHIP FINALS, 18-34

**Eligibility:** Open to amateur riders 35 and over and 18-34 who have ridden in a PCHA Adult Horsemanship Class since the previous Final. Final winners cannot compete in subsequent years.

**Schooling:** Only material provided or previously approved by the organizing committee may be used for schooling, and it must be available for all competitors to use while warming up. Starting thirty (30) minutes prior to the competition and while the class is in progress, medal horses may jump in the designated schooling area only. This rule includes the Finals Warm-Up Round. If a medal competition horse jumps in an area other than the designated schooling area during that time, the medal class exhibitor will get a zero score for that round. Anyone can ride in the designated schooling area on a medal finalist's horse.

**Course:** There will be 2 rounds, consisting of courses at 3'3" with at least two changes of direction. Two USEF tests 1-16 (see exceptions) will be part of the original course in each round. The course will not be posted until the Course Designer and Judges have conferred and agreed on the tests.

**Judging:** There will be 2 judges using the open numerical system. The rider's score in each round will be an average of each judge's score. During the 2 rounds, the judges will sit apart. If a third round (work-off) is necessary, the judges may sit together.

#### **COMPETITION**

The order of go for Round 1 will be drawn, and this round will count 50%. Ribbons will be awarded through 10th. Ties will remain tied and riders will flip for ribbons. All riders will return for Round 2. The order of go in Round 2 will be the reverse of Round 1. Round 2 will count 50%. Ribbons will be awarded through 10th.

After completion of the final round, the 1st and 2nd round averages will be averaged. Any riders having less than three (3) points separating them from the leader will be required to perform additional tests at the discretion of the judges. All riders will remain in the ring with no additional schooling allowed. Riders will not be asked to dismount, mount, jump without stirrups or switch horses. The work-off score will be added to the rider's total and will not be announced. Ties not involving first place will be decided by the judges.

**Schedule & Awards:** Order of go for Round 1 will be drawn Thursday at 5 pm at a Prosecco and Bites Party. The Finalists' Celebration and awarding of the PCHA Adult Sportsmanship Award will be held at a luncheon following the presentation of Awards on Saturday. These events are sponsored by Pat & Rich Lucy and Karen & Michael Learned.

For the Champion: Bridle donated by Valencia Saddlery, presented by PCHA.

For Champion and Reserve: Embroidered scrims sponsored by PCHA.

For each of the Top Ten: Personalized gifts and flowers sponsored by PCHA.

# HORSEMANSHIP FINALS, 14 & UNDER

**Eligibility:** Any rider who has qualified for the PCHA Horsemanship Class Finals during the year following the previous PCHA Horsemanship Class Finals competition. The same horse must be ridden through all phases of the competition. However, due to illness or injury of the horse, a rider may petition to ride a substitute horse. This must be approved by the Appeals Committee consisting of the Manager, the Chief Steward, the Technical Delegate, and the official Horse Show Veterinarian.

**Schooling:** Only material provided or previously approved by the organizing committee may be used, and must be available for all competitors to use while warming up. Starting thirty (30) minutes prior to the competition and while the class is in progress, medal horses may jump in the designated schooling area only. This rule includes the Finals Warm-Up Round. If a medal competition horse jumps in an area other than the designated schooling area during that time, the medal class exhibitor will get a zero score for that round. Anyone can ride in the designated schooling area on a medal finalist's horse.

**Course:** Three (3) rounds, consisting of a course of at least eight fences about 3'3" in height. There must be one combination, at least two changes of direction, and 2 tests (USEF 1–18) included as part of the original course. Course designer(s) must confer with the judges during the course walk set aside for them exclusively. Judges should review the course and suggested tests, and may make modifications in conjunction with the course designer prior to the general course walk. The course will not be posted until the Course Designer and Judges have conferred and agreed on the tests.

**Judging:** There will be 2 judges using the same open numerical system. Judges may use whole numbers or any fraction thereof; however, if necessary, judges may use the same score more than once. The rider's score in each round will be an average of each judge's score. During the three (3) rounds, the judges will sit apart. If a fourth round (work-off) is necessary, the judges will sit together.

#### **COMPETITION:**

- **Round 1:** All eligible riders; order of go will be drawn. Ribbons awarded through 10th. Ties will remain tied and riders will flip for ribbons.
- **Round 2:** All riders will return for Round 2. The order of go for Round 2 will be a simple jumper rotation of the first round, regardless of any scratches. Example: If there is a class of 45 riders in the 1st round, divide by 2 and round to the higher number (23). Thus, the 2nd round will run with 24th through 45th followed by 1st through 23rd. Ribbons awarded through 10th. Ties remain tied and riders will flip for ribbons.
- Round 3: The top 12 riders from Rounds 1 and 2 and any additional riders with a score of 80 or better will be eligible to ride in Round 3. The average from Round 3 will be averaged with the combined average from Rounds 1 and 2. The rider's combined average will be used to establish the order of go lowest first, highest last. In case of ties, the order will be the order of Round 1. After completion of the final round, riders having less than three (3) points separating them from the leader will be required to perform additional tests at the discretion of the judges. All riders will remain in the ring with no additional schooling allowed. Finals work-off score is not to be announced and will be added to the rider's total. Ties in Round 3 not involving 1st place, will be broken by using the rider's scores in Round 2.

**Schedule & Awards:** Order of go will be drawn at a complimentary buffet dinner sponsored by *The Tuffli Family Foundation* for the finalists and three guests on Friday afternoon, following the conclusion of the horse show classes.

For the Champion: Bridle donated by Valencia Saddlery, presented by PCHA.

For each of the Top Ten: Embroidered scrims sponsored by PCHA.

Personalized gifts, flowers and commemorative horse garlands sponsored by PCHA.

# SPORT OF SHOW JUMPING

Show jumping is a rapidly rising spectator sport in the United States. It is a visual spectacle, and one that is easy for spectators to understand. Its challenge is simple and straightforward. Horses and riders must clear each fence on a course of 8 to 12 obstacles. Should a horse refuse, fall, or knock down a fence or any portion of it, penalty points called faults are assessed.

Speed in any sport adds an exciting dimension, which is true for show jumping, too. For not only must the riders and horses negotiate the course at just the correct angle, height and speed to clear fences without incurring faults, but riders must keep one eye cocked on a relentlessly ticking clock. The rider who races too fast may grow careless and knock a rail or fence down; an overly cautious rider may incur time faults.

The time factor grows yet more urgent as competition continues. After each horse and rider has completed a first round over the obstacles, the course is shortened and heightened. Riders with no first round faults return for a second round, called a jump-off.

In a jump-off, the clock is crucial. The eventual winner of the competition is that horse and rider combination who not only jumps faultlessly, but the fastest. Spectators are often brought to their feet as each of the jump-off riders coaxes the horse over the incredibly large fences at breakneck speed.

Another important aspect of show jumping is the course. Prior to the competition, spectators will see the riders (without their horses), pacing off steps from jump to jump. They are carefully measuring the distances and number of horse strides that will position their mounts in the perfect jumping spot. (Roughly 12 to 14 human paces equals a single canter stride of a horse).

These colorful jumps do not appear on the course in an arbitrary fashion. They are strategically placed by the course designer to test the horses' ability, courage and obedience, as well as the riders' horsemanship.

## \$5,000 SEAHORSE USHJA NATIONAL HUNTER DERBY

#### **SUNDAY, SEPTEMBER 7**

Event #3 **Ring 1** Class #121

The USHJA National Hunter Derby was created to bring the tradition and art of horsemanship back to the show ring stronger and better than ever. These classes have often proven to be some of the most exciting and coveted classes at competitions nationwide. It is open to Junior and Adult riders and consists of two rounds judged on quality, movement, jumping style, manners and way of going scored on the Open Numerical System by a panel of 2 judges. Round 1 is shown over a classic Hunter round course of at least 10 fences. The top 12 riders will return in reverse order of scores for Round 2 which will be shown over a Hunter Handy course of at least 8 fences with four high-option fences set at 3'5". Rounds 1 & 2 will be added to determine the overall winner. Prize money will be awarded to 12th.

#### SPECTATOR'S GUIDE

We hope you will enjoy the fun and good sport of our horse show. This weekend you will have the opportunity to see the finalists compete in the PCHA Medal Finals, 14 & Under, and the PCHA Adult Medal Finals 18-34 and 35 and Over. In addition, you will have the opportunity to watch hunter and other equestrian classes, as well as wonderful show jumping events. Equestrian sports are unique in that men and women compete on absolutely equal terms.

While watching each class, it is important to know that entrants perform according to their age, experience and schooling. Exhibitors compete each year against one another for State, Regional and National Championships or high point awards.

As a spectator we hope this Glossary of Equestrian Terms will help you better understand and enjoy our exciting Show.

ADULT/AMATEUR (A/A): Divisions which are restricted to non-professional adult riders, 18 years and older. A/A's do not have to own the horse on which they ride. The fences in these divisions are smaller than those jumped by Amateur Owners. They are the same height as those jumped in the Children's Division. There is usually no prize money awarded in the Adult/Amateur Divisions.

Adult/Amateur Hunters – fence height – up to 3' Adult/Amateur Jumpers – fence height – up to 3'6" AMATEUR OWNER (A/O): Divisions which are restricted to non-professional adult riders, 18 years and older. A/O's ride horses owned by themselves or members of their families. The fences in these divisions are higher than those jumped by Adult Amateur riders. They are the same height as the fences in the Junior Divisions. Prize money is awarded in these divisions.

Adult Owner Hunters – fence height – up to 3'6" Adult Owner Jumpers – fence height – up to 4'3" ASPCA: American Society for the Prevention of Cruelty to Animals. They sponsor a medal class, the Maclay, at individual shows throughout the year, and a Finals at the end of the show year.

CHILDREN'S: Divisions which are restricted to riders 17 years and under. Riders in this division do not have to own the horse. The fences in these divisions are the same height as those in the Adult/Amateur division. There is usually no prize money awarded in the Children's Division.

Children's Hunters – fence height – up to 3'
Children's Jumpers – fence height – up to 3'6" – 3'9"
CLEAN ROUND: When a horse in a Jumper class
completes the prescribed course within the time allowed
without incurring jumping faults. When more than one
horse has a "clean round," a jump-off occurs.

COMBINATION: Two or three jumps set up so they must be taken in quick succession, separated by one or two strides. A combination is considered to be a single obstacle. If a horse stops or runs out of any element of the combination (elements are lettered A, B, C), the entire obstacle must be re-jumped.

COURSE: In each class over fences, competitors must negotiate the jumps in the prescribed order. Courses for each class are posted in advance near the In-Gates so that riders and trainers may memorize them.

**CPHA:** California Professional Horseman's Association. They sponsor a medal class for Juniors and Amateurs throughout the year, and Finals at the end of the Show year.

**EQUITATION OR HORSEMANSHIP:** These are classes in which the rider, not the horse is judged. Riders must demonstrate complete control over their mounts at all times. In addition, they are scored on accuracy and the correct and effective positioning of hands, seats and legs both "on the flat" and over fences.

**FAULT:** Penalty assessed in Jumper Classes for mistakes such as knockdowns, refusals and exceeding the time allowed. Faults are scored as follows:

Knockdowns

4 faults

1st & 2nd refusal

4 faults each

3rd refusal

Elimination

Fall of the horse or rider

Elimination

Failure to cross starting line within one minute Elimination

Exceeding the time allowed

1 fault for each second over the time allowed GAITS: The different paces at which the horse travels are the walk, trot, canter, gallop, and varying speeds of each.

HUNTERS: Hunters are judged not only on their ability to negotiate obstacles, but on the style in which they do so. They should display jumping ability, manners, style and an even pace and quality. Their necks and heads should stretch out and down to ensure a well-balanced jump. They should look like they are enjoying their job (ears forward) and their jumping should appear effortless.

HUNTER DERBIES: There are two different types of derbies: national and international. National hunter derbies are what the majority of riders compete in. This class can be held at any USEF-recognized show and has a fence height of 3 feet, with high-option fences set at 3'5. It can have up to two judges.

All derbies have a two-round format. The first round is a classic round, where a horse is judged on performance, pace, jumping style, quality and movement. The second round is a handy hunter round, which encourages brilliance of pace (a more forward, galloping stride) and handiness, which means riders opt for tighter turns and different tracks to fences than those traditionally taken in a hunter round. Judges use a numerical scoring system to rate the horses after each round of competition.

**HUNTERS HANDY:** A hunter class that combines elements of flat and over-fences classes, often with elements reminiscent of field hunting.

**IN AND OUT:** A two-jump combination, with elements separated by one or two strides.

JUMPERS: Jumpers are judged solely on their ability to jump obstacles. They need not be any special breed or size, nor do they need to be beautiful, well-mannered or stylish like the Hunter. They are required to complete a course of approximately 16 obstacles ranging in heights from 3'6" to 5' or more with spreads of up to 6', depending on the division in which they compete.

JUMPING ORDER: The jumping order or starting order is determined in a drawing before the events so that each has an equal chance of attaining a favorable position. Riders near the end of the starting order have the advantage of seeing how the first riders complete the course.

JUMP-OFF: All horses with "clean" first rounds jump a shortened course against the clock to determine the winner.

JUNIORS: Divisions which are restricted to riders 17 years and under. The height of the fences in the Junior Divisions is the same as those in the Adult/ Owner Division. Prize money is awarded in these divisions.

Junior Hunters – fence height – up to 3'6"
Junior Jumpers – fence height – up to 4'3"
LONG STIRRUPS: A division of classes for amateur riders, riders 18 and over – fence heights are 1'6" – 2'.
MEDAL CLASS: A medal class is an equitation class where the rider, not the horse, is being judged on how well they demonstrate complete control over their horse while they exhibit the correct and effective positioning of hands, seat and legs. Winners of individual medal classes throughout the Show year are invited to participate in the various Medal Finals at which time they compete with other Medal Class winners.

OXER: A single fence composed of two elements to produce a spread. A "square" oxer is one in which the front and back rails are equal height, making it more difficult to jump.

PCHA: Pacific Coast Horse Shows Association. The sanctioning body which governs equestrian sports competition on the West Coast.

PCHA MEDAL FINALS: The PCHA Medal Finals is at the Portuguese Bend National Horse Show for riders, 14 and under, 18-34, and 35 and over. These riders have competed in PCHA medal classes throughout the Show year.

SCHOOLING: The warm-up session prior to each rider's round in which they jump practice fences in the schooling area.

**SHORT STIRRUPS:** A division of classes for beginner junior riders, 17 & under - fence heights are <math>1'6'' - 2'.

**STANDARDS:** The various types of supports which hold up the rails of a jump.

STRIDE: The amount of ground covered by a horse in one "step" at the canter. The average horse's stride is 12 feet. Distances between fences are set accordingly by the course designer.

**USEF:** The United States Equestrian Federation. This is the sanctioning body which governs equestrian sport competition in the United States.

**USET FOUNDATION:** The United States Equestrian Team. This is the organization that fields teams to represent the United States in international competition and show jumping, eventing, dressage and driving. It raises funds for high performance athletes and horses in international competitions.

**USHJA:** The USHJA is the US Equestrian-recognized national affiliate for the Hunter and Jumper disciplines. The USHJA is a competition-based sport organization that serves members through educational programs, awards and recognition, communication, and rules.

VERTICAL: A fence with no spread to it, which forces a horse to make a steep arc in his effort to jump.

WALKING THE COURSE: Riders and horses may not practice on a course prior to actual competition, but riders are permitted to walk out the route, pacing off the number of strides between jumps and examining the obstacles closely. It is a course designer's job to set up problems. Riders and trainers must determine where these are in a course and plan their strategy accordingly.

WCE: West Coast Equestrians – A benevolent association for horsemen – it has provided funds for horsemen lacking medical insurance or needing assistance. It also provides funds for young riders' teams competing on the National and International circuits.

#### THE MAGIC OF ALEX KAZAAM

Alex Huang (@alex\_kazaam) is a performing magician at the World Famous Magic Castle in Hollywood, CA. He grew up in the South Bay and graduated from Palos Verdes Peninsula High School in 1996. What began as a hobby at the age of 13 rapidly evolved into a passion and love for the art of magic and entertaining. He continued to perform magic at the University of California at San Diego and Loyola Law School in Los Angeles. When he's not juggling his work in ophthalmology, real estate, property management, law, or finance, you can find Alex entertaining audiences of all ages at corporate events, weddings, holiday celebrations, birthday parties, open houses, the Magic Castle, and so much more.

Saturday, 11am

Nicole Sanders is the Lead Artist for The Skin Painters. She began face painting in 2014 at a small park. Within months, the business grew to provide face and body art for corporate events, festivals and birthday parties. The Skin Painters team now consists of a talented group of face and body painters, henna and balloon artists. We specialize in creating crowds and transforming faces of all ages!

Face painting artists will be available: Saturday & Sunday, 10:30am to 3:00pm

Sunday, 1:00 to 2:00pm Wildlife Safari

Sunday, 2:00 to 3:00pm Meet 'N' Greet the Biologist

#### **WILDLIFE SAFARI**

Most of Wildlife Learning Center's animals were rescued from lives as illegal or unwanted pets who now act as ambassadors for their wild counterparts! This very fun program will teach you about how these amazing animals live and survive in their different habitats, and what makes them unique! Afterwards, the animals will stick around for an up close and personal Meet 'N' Greet where you can get a closer look, and learn even more about the wonderful creatures.

#### JUNIOR SAFARI ANIMALS!

Our animals include a North American Porcupine, Owl or Macaw, Armadillo, Hedgehog, a Prairie Dog, Lizard, Snake, a Bunny or Chinchilla and one of our big Bugs.

## Peninsula Committee Children's Hospital Thanks

## The Whitney Young Children's Foundation

for its ongoing support of providing love and laughter to the lives of so many children.

"...to Dream, live, love, and laugh in ways previously unimaginable..."

The Whitney Young Children's
Foundation grew out of a
tragedy. Whitney was nineteen
and attending Mesa Junior
College in San Diego. She was
walking home with three other
students early on a Sunday
morning and was hit by a drunk
driver, and a precious, beautiful
young lady lost her life on
November 16, 2006.

Whitney loved children and they loved her. She loved volunteering at Pediatric Therapy Network and working in the Leaps and Bounds Program and at the Camp Escapades Summer Camp. One of her very favorite things was working in the Children's Booth at the Horse Show! One day, she hoped to become a teacher. Thus, to honor Whitney's memory and her unfulfilled ambitions, the family created a foundation to touch children – children with whom Whitney never had an opportunity to interact.

Whitney's tragic and senseless death at age 19 has been devastating for all who knew and loved her. To honor her memory, the family tries to find positive ways to help society — whether that be by promoting organ donation, fighting drunk driving, supporting the Literally Healing program at Children's Hospital Los Angeles or helping a myriad of children's causes through the Whitney Young Children's Foundation.

## PBNHS ART CONTEST

## **CELEBRATING OUR WINNERS**

Each Spring, the Peninsula Committee Children's Hospital (PCCH) hosts a competition where local South Bay artists vie for the opportunity to have their original artwork showcased in our promotional materials for the horse show. It's always exciting to see the diverse and imaginative ways each artist brings their vision to life.

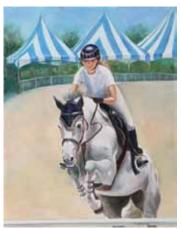

Winning entries may appear on the show's publicity poster or grace the cover of the show's program or invitation. All five winning pieces are featured in a beautifully crafted stationary set, available for purchase in our Haybale Boutique.

Generously sponsored by Lisa and Chuck Noski, this year's contest was organized by Jacquie Leimbach of PCCH and Daniela Saxa-Kaneko, Executive Director of the Palos Verdes Art Center (PVAC), who reaches out to the Center's vibrant community of artists. With thirty-one entries this year, PCCH members had the opportunity to vote for their top five favorites at a reception held at the PVAC.

The winners were announced and awarded cash prizes totaling \$1,500. In addition, a \$1,500 donation was made to both the PVAC and Children's Hospital Los Angeles (CHLA) in honor of the first-place winner, Cindy Shue. Cindy is a professional painter from Beijing and a graduate of Central Academy of Fine Arts. Her painting symbolizes courage and hope for the future. Congratulations to all the artists!

## THE CHECKERED SHIRT TRADITION CONTINUES

It all started back in the late 1950's with 12 vibrant South Bay women, the Peninsula Committee Children's Hospital is now 177 families strong and has raised over \$20 million for the young patients of Children's Hospital Los Angeles. Now celebrating our 67th Portuguese Bend National Horse Show, we continue to don our legendary blue-checked shirts and band together to bring hope to these special children and their families.

In Loving Memory of the Special PCCH Friends We Lost This Past Year

## HISTORY BY THE NUMBERS

## PCCH 1957–2025 67 YEARS OF FUNDRAISING EVENTS FOR CHLA

In 1957, Palos Verdes Peninsula resident Betty Learned called her good friend Betty Davidson and asked her to help raise money for a new recovery room at Children's Hospital Los Angeles. The two "Bettys" assembled a group of 12 friends and decided to host a "Ghost Party," which raised \$4,500 for the hospital. They then decided to continue raising funds for Children's Hospital Los Angeles by founding Peninsula Committee Children's Hospital (PCCH) and organizing an all-volunteer horse show. The rest is history!

More than simply a horse show, more than a community project, the Portuguese Bend National Horse Show (PBNHS) is the product of multiple committed generations of volunteers devoted to the advancement of Children's Hospital Los Angeles and the thousands of children it has served.

## LITERALLY HEALING

# MAY THE STORIES NEVER END

All children love a good story book, not the least of which are the kids at CHLA fighting aggressive illness, disease and injury. Thanks to CHLA's Literally Healing program, each and every patient, as well as their siblings and parents, will receive a new book. This beautiful program gifts over 80,000 brand new books annually.

Literally Healing is dependent on philanthropy to support their six-person team, dozens of volunteers, and every book on its shelves. In 2013, two organizations, the Peninsula Committee Children's Hospital (PCCH) and the Whitney Young Children's Foundation (WYCF), linked passions and became key donors to the Literally Healing program. PCCH member, Marlene Young, fell in love with Literally Healing and felt it was a perfect match for WYCF, their family foundation in honor of their 19-year-old daughter Whitney who was killed by a drunk driver. Each year, WYCF has issued a challenge grant to PCCH, and remarkably, PCCH has surpassed the challenge amount. In addition, PCCH members' children have held "Penny Wars" at their schools and raised over \$10,000 for Literally Healing. As of May 2025, WYCF has matched all funds raised through PCCH with this remarkable partnership donating nearly \$313,000 to Literally Healing.

## HOT OFF THE PRESS!

A new addition to the Literally Healing library is entitled Hi, Juice Box! Juice Box Stays at the Hospital, written by Drew Dewalt, author of The Day the Crayons Quit, and illustrated by Benson Shum, author and illustrator of Anzu the Great Kaiju. Both generously donated 100% of their talents. This charming, royalty-free book was written to help young patients who have multiple health issues that result in frequent and sometimes prolonged hospital stays. "It is amazing to see this story taking on a life of its own and making impacts large and small across the hospital," explained Mads Gobbo, Head of CHLA's Literally Healing program. Hi, Juice Box was printed thanks to the kind donations of PCCH and WYCF.

We can't wait for the next chapter in this beautiful partnership!

## Align Your Mind with Your Ride

While physical talent alone can only take athletes so far, mental skills allow athletes to transform from good to great and can be directly transferred to daily life tasks. The complexity of working with a 1000-pound flight animal makes these skills even more valuable, whether riding competitively or recreationally. Learn to align your mind with your equine, and see the positive results follow!

Reaching your optimal performance goals starts with training the mind.

Julia Agahee, M.S.

**Mental Performance Consultant** 

Together, we will work on improving your mental game, which will then translate to your performance both in and out of the saddle. I am committed to helping you transform into the best rider and person you can be!
