

COVID Policy

Mountain and Expedition Emergency Medicine

MEEM will comply fully with the government guidance from both England and Wales at the time of the course. We will attempt to keep you informed of any changes to your event, in good time. However, given the short notice of some government decisions this may not be possible.

During the COVID pandemic we all need to play our part in maintaining the safety of our selves and others. We therefore request:

1. You do not attend any of our events if you have any symptoms of COVID
2. You must be fully vaccinated
3. You must have a negative lateral flow test (or PCR) within 24 hours of attending the event.

We will ensure the tutors comply with the same rules.

We will not refund any attendee, if they are unable to attend an event because of a positive COVID test or are symptomatic. We suggest taking out a cancellation insurance for this purpose.

If **we** need to cancel the course, for any reason due to COVID, the conditions for refund or transfer of course will be the same as in the booking conditions.
