WWW.JUSTINEWESTWOOD.COM

As a Costume Designer/Supervisor, I offer extensive knowledge of period costume, established supplier relationships, management and first class organisational and logistical skills. I enjoy the collaboration with directors and execs in developing costume collections accurate to brief and supporting the delivery of a story through the appearance of the characters.

I was the **Costume and Make up HOD for ITV Studios** - LWT, Granada, – for 17 years (1991– 2008). With a background of practical skills in wardrobe and costume design, I covered smaller scripted content early in my career, but with career development have taken on longer scripted projects in the last few years, either as Designer/Assistant or supervisor. I have worked successfully in all genres and under all conditions on location, setting up wardrobe departments in Austria, The Caribbean, Thailand, Myanmar and the Seychelles – on beaches, on yachts and mountaintops and in extreme weather; I thrive in new locations and bond quickly with new teams.
