CREATIVE BEGINNINGS MISSION STATEMENT

As preschool is often the first time in a classroom for many children, we believe it is essential to provide a positive and enjoyable experience as the building block to a successful education. We strive to make every activity both fun and educational so that the students may get the most from their time socially and academically, fully preparing each child for the next level of education.

ABOUT THE DIRECTOR/OWNER

Ms. Kristy - I began my career by focusing on my own education, earning a degree in Human Services and Early Childhood Education as well as studying American Sign Language. Along with over twenty years of experience, I have continued attending classes, seminars, and conventions in order to stay current with the ever-growing field and provide the best experience for my students. I have taught in a variety of classrooms including three-year-olds, four-year-olds and Pre-Kindergarten as well as Early Childhood Music, Sign Language, and Fitness, and I am confident that these experiences have prepared me to better assess and assist the development of my students.

CLASS DESCRIPTIONS

Preschool Jr. - Preschool Jr. is the perfect class for our youngest students! This class is designed to be a jump start into our preschool programs, with children working hard through play on basic socialization skills and early literacy and math skills. All children must be actively working on potty training before their first day and provide pull ups in their back packs so teachers can change them. Preschool Jr. students must be 2 by September 1st.

Preschool Program - The three-year-old class will focus on the building blocks of early education. In class, we will work on important social skills that will help each child to make and keep friends. This class will also include activities designed to promote basic letter recognition, number recognition and other age-appropriate academics. Students are encouraged, but not required to potty trained before entering this class.

Multi-Age Program- The multi-age class is geared for children ages three to five. The class curriculum will have projects that challenge students academically as well as socially. Children will be encouraged to grow their cognitive, language, and motor skills in the most creative and educational ways. Three year old students must be entering their second year of school and have pre-approval by the director to enroll in the Multi-Age program.

Pre-K Program - The Pre-K class is designed to encourage individual growth in each curriculum domain. Adding an extra focus on letter recognition, cognitive skills and writing skills as well as working to further advance the children's social skills, we help each child to be prepared for kindergarten and beyond. Pre-K children must be four years of age by September 1st.

Literacy Club - Literacy Club is an extension of our Pre-K program. The additional class time will focus on the literacy and cognitive skills needed for kindergarten readiness. Each day will have a letter based theme and will follow jolly phonics lessons. Because the class size is limited, the program offers low teacher to student ratios that allow for more personalized time to practice all the skills needed for to transition into kindergarten.

*Each class will include an introduction to Jolly Phonics, basic yoga, Spanish, and sign language.

In an emergency, we will attempt to notify the parents first and then call the next authorized contact. Parents will receive notification of any illness, accident, or injury after treatment.

If a child is exempt from medical care based upon religious beliefs, the parents/guardians must provide a written statement along with phone numbers, names of contacts, and the service of a certified practitioner.
