

I'm going to
Creative Beginning
Preschool!

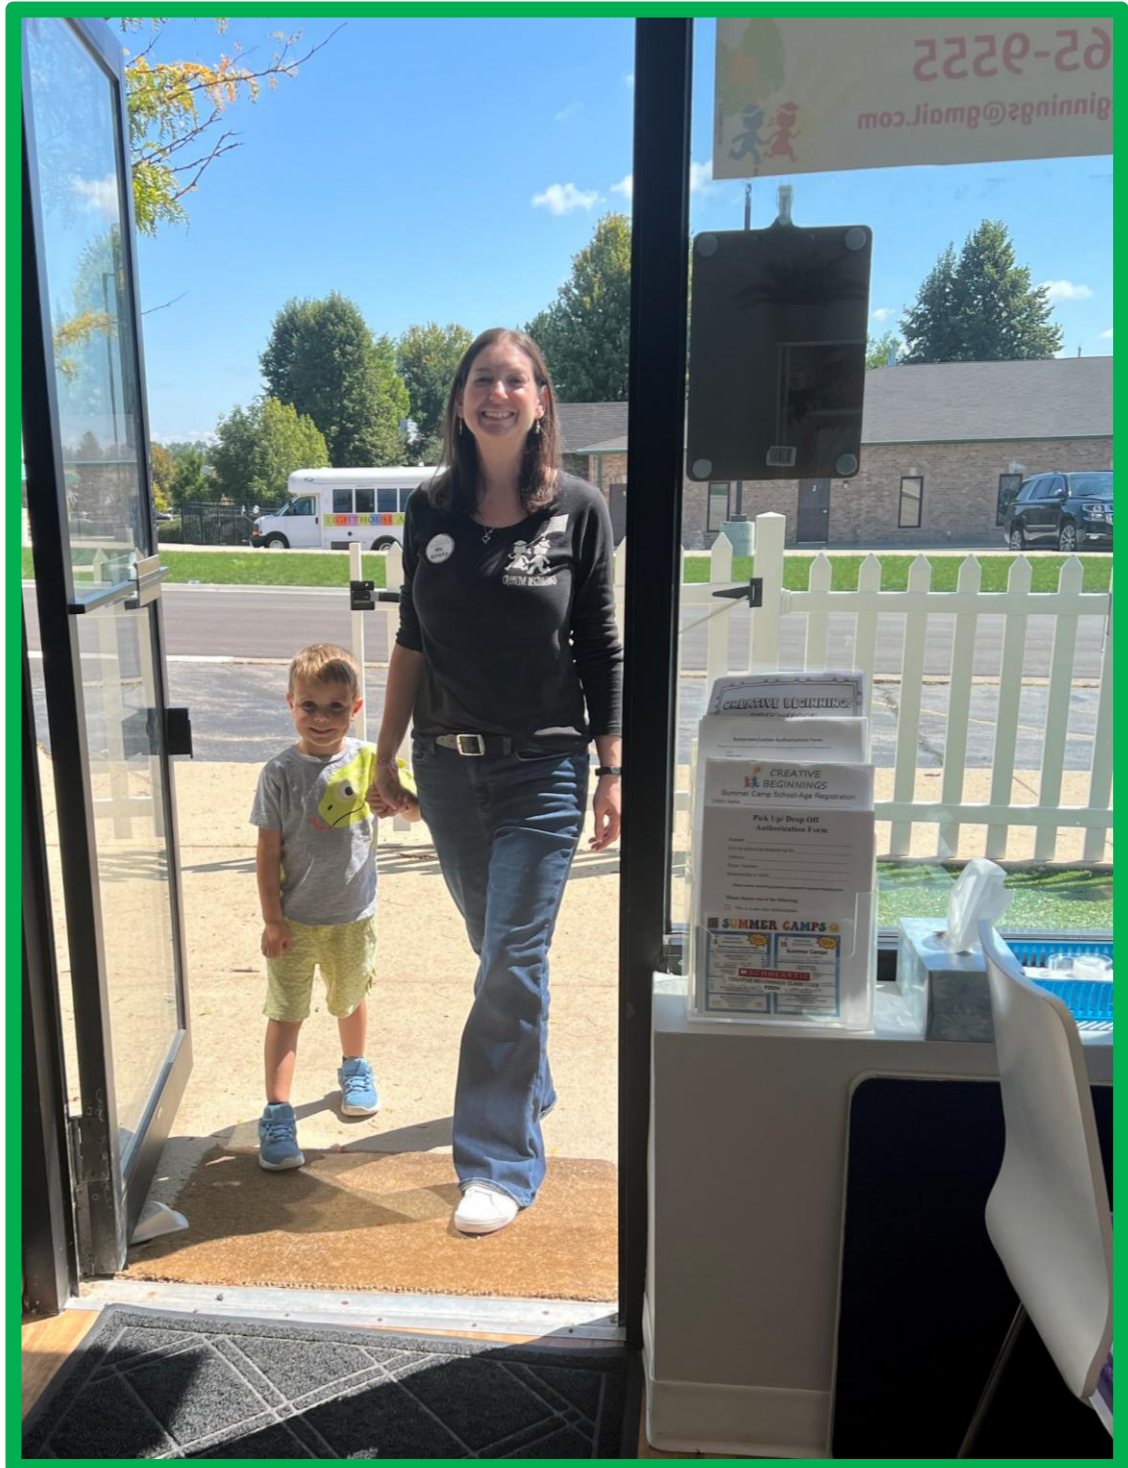

*CREATIVE
BEGINNINGS*

Soon I will start preschool at Creative Beginnings. On the first day my grown up will walk me up to the front door where I will give them a big hug and kiss!

Then I will hold my teacher's hand. She will walk me into my classroom with all of my friends!

These are the teachers that will be at my preschool!

Ms. Kristy

Ms. Kyra

Ms. Emily

We will have helpers in each classroom too!

Ms. Holly

Ms. Erika

Ms. Abbi

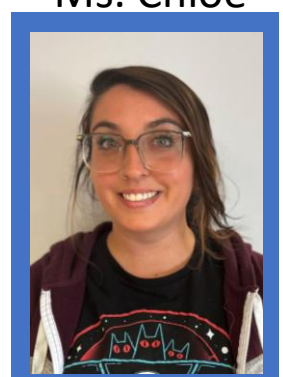

All my teachers will love and care for me and help me with whatever I need while at school!

Ms. Claire

Ms. Chloe

This is what the classrooms at my school look like.

North room

South room

Each room is full of really fun toys I will be able to play with!

When I get into the classroom, first I will put my backpack into my cubby...

Then I will wash my hands with soap and water to create bubbles! When I am done, I will rinse all the soap my hands off and dry them with a paper towel.

While my friends wash their hands I will play at the tables with lots of fun toys my teacher has out for me!

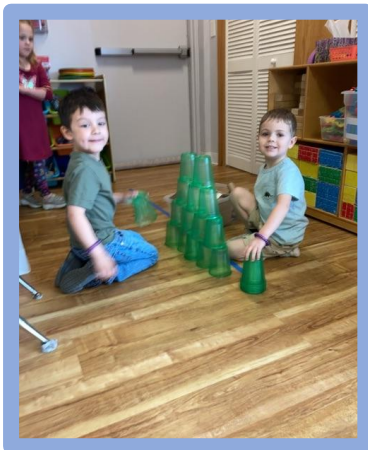

Next will be circle time. That is where we will learn about all the cool activities my teacher has created for us each day!

For circle time I will find my special polka dot with my name. It is important to sit nicely while my teacher tell us all about the fun activities she has planned for the day. That way my friends can see my teacher and hear what she is saying

After circle time we will get to play in the classroom. There will be a bunch of amazing things to do, like creating art, building with blocks, driving toy trains, playing with puppets and so much more!

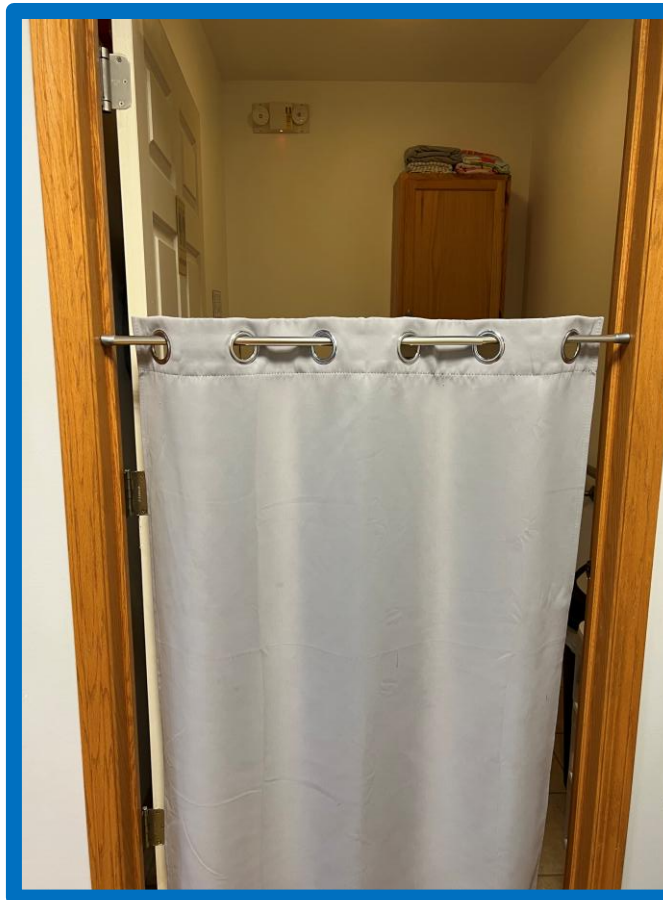

Each center will have a special bracelet for me to wear on my wrist while playing. Wearing my bracelet is like having a ticket to let me play in each area. Can you tell what color bracelet I need to play in the sensory table?

Can you tell what color bracelet I need to wear while playing on the blue rug?

If I need to go to the potty, I listen to my body. I pause my play and go to the bathroom. While using the potty, I close the curtain for privacy.

When I am done, I always wash my hands with soap and water and then go back to play. If I need any help I can ask my teacher. She is always happy to help!

At the end of play time my teacher will turn off the lights. Turning the light off is a signal that its time to help my friends clean up the toys we played with. We all work together to help to clean up our classroom because we are a team!

Once I have helped all my friends clean up the room, we get to do yoga! For yoga we will each have our own hoop on the floor to stand in, so I don't accidentally bump into my friends.

Then we will all sit on the rug for a second, fun, circle time! This time we will get to enjoy singing songs and listening to our teacher read a book!

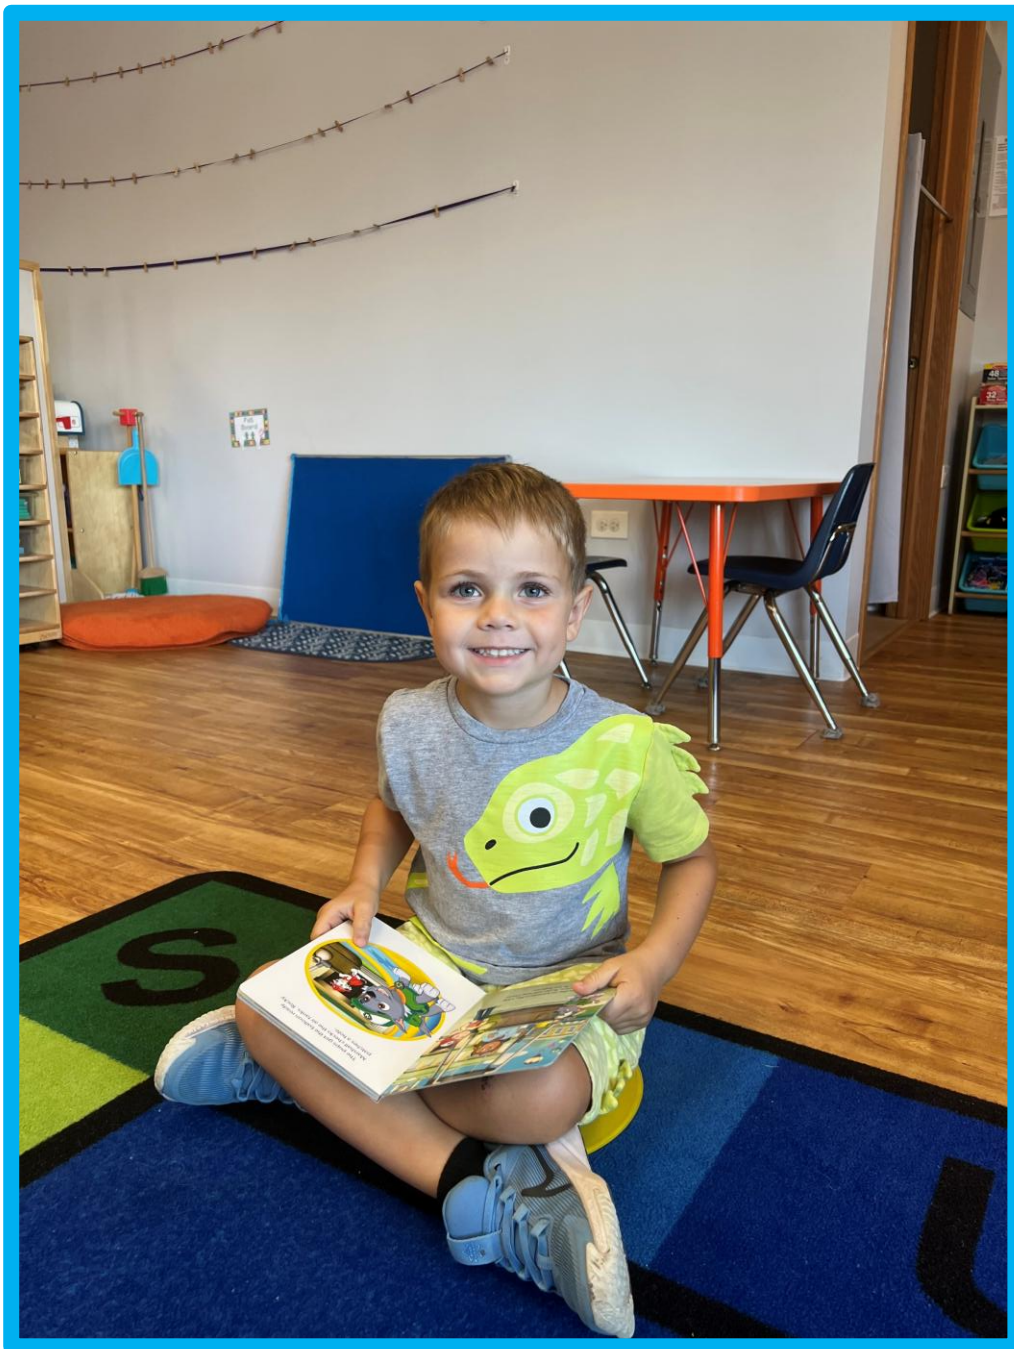

After our story it will be time to wash our hands and eat a yummy snack.

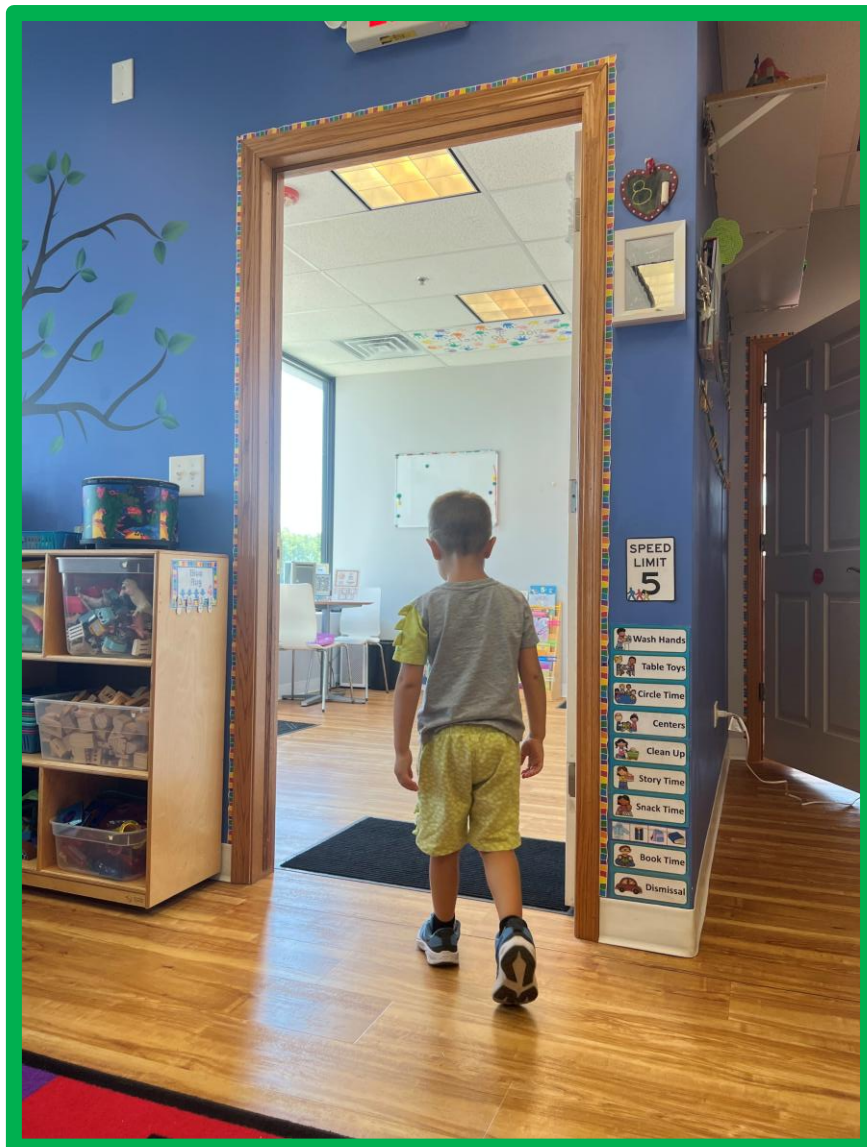

When I finish eating my snack, I will throw it away in the garbage. Then I can put everything from my cubby into my backpack. I also put my backpack on, so I am ready for the end of the day.

After I gather all my belongings, I will be ready to relax on the rug with a book until my grown up is ready to sign me out.

My grown up has to wait line to sign me out, just like I had to wait in line to wash my hands. When my grown up gets to the front of the line, my teacher will call my name so I know it is my turn to head home. I will use my safe walking feet to exit the classroom.

When I see my grown up outside, I get to give them a great big hug and tell them my favorite thing that I learned each day.

I'm so excited to start preschool at Creative Beginnings!!

I can tell my grown up the daily routine at school
“First I... Then I ...” “My grown up always comes
back after snack!”
