

ELECTRICAL WHOLESALE SPECIALISTS LTD

ELECTRICAL SUPPLIES

DOMESTIC • COMMERCIAL • INDUSTRIAL

Environmental Policy – Electrical Wholesale Specialists Ltd

At **Electrical Wholesale Specialists Ltd** we recognize our responsibility to reduce the environmental impact of our operations as an electrical wholesaler. We are committed to sustainable practices across our supply chain, warehousing, and distribution processes, and to promoting energy-efficient solutions to our customers.

1. Our Commitment

We will conduct our business in a manner that:

- Minimizes environmental harm,
- Complies with all applicable environmental legislation and regulations,
- Promotes sustainability throughout our operations and product range.

2. Key Environmental Objectives

a. Waste Reduction & Recycling

- Reduce packaging waste by working with suppliers to use recyclable or reusable materials.
- Ensure responsible disposal of obsolete or damaged electrical products.
- Promote recycling programs across all facilities.

b. Energy Efficiency

- Improve energy efficiency in our warehouses and offices (e.g., LED lighting, motion sensors, energy-efficient HVAC).
- Offer and promote energy-efficient products (e.g., LED lighting, smart thermostats, low-energy transformers).

c. Sustainable Procurement

- Source from manufacturers and suppliers that share our environmental values.
- Prioritize products that are energy-efficient, recyclable, or certified by environmental standards (e.g., RoHS, Energy Star).

d. Transportation & Logistics

- Optimize delivery routes to reduce fuel use and emissions.
- Work with logistics partners to adopt cleaner vehicles or offset emissions where possible.

e. Staff Engagement & Training

- Provide training to employees on environmental awareness and responsibilities.
- Encourage a culture of environmental responsibility and continuous improvement.

3. Monitoring & Improvement

We are committed to continually improving our environmental performance by:

- Setting measurable environmental objectives and targets,
- Regularly reviewing and updating our practices,
- Monitoring energy use, waste generation, and compliance performance.

4. Compliance

We will:

- Comply with all relevant environmental laws and regulations,
- Meet or exceed environmental requirements in product handling, storage, and disposal.

This policy is communicated to all employees and stakeholders and is reviewed annually to ensure its relevance and effectiveness.
