Ausum Charity for Autism cordially invites you to be a valued sponsor in our production of the **Emerging Journeys** music video. This video incorporates a talented group of musicians to come together and raise funds for a group of local youth charities around the theme of taking care of one another in a post pandemic environment.

The video will be filmed in April 2021 and will be released that month, nicely corresponding to Autism Awareness month, as relevant to this charity.

This fundraiser is different in that Ausum Charity is taking the lead on raising and sharing the raised funds with other local charities as well as our own (see last page).

As a registered charity founded in 2015, Ausum Charity's mission is to help autistic children from low-income families experience positive social and emotional development through the benefits of Intense Behavioral Intervention (IBI) therapy.

By making our IBI funding available to qualified families, we reduce the financial burden on low-income families and help them achieve more IBI coverage.

We have proudly supported 36 families thus far, and with your help we'll be able to increase our IBI grant to families in need going forward.

**We deeply appreciate and value your support. We're also deeply proud to support other local charities through our combined efforts.**

Become an event sponsor! See next page for details.

Choose a sponsorship package that works for you.

Please engage us to see how we can further help recognize you.

**Thank you for helping us to bring the pieces together for autism.**

Kindest regards
