Steere House Appoints Joshua Segal as New Executive Director / Administrator.

With departure of longtime serving Administrator, Julie Richard, Board of Directors appoints new leader at helm of operations.

Providence, Rhode Island – Steere House Nursing Home and Rehabilitation Center’s Board of Directors names Joshua Segal as the new Executive Director / Administrator. As new Executive Director, Segal will oversee a comprehensive nursing facility that provides short-term and long-term care services. Segal has over 20 years’ experience working in nursing facilities and brings a wealth of knowledge and expertise that will lead the organization to continued growth. He will succeed, Julie Richard, long-time serving Administrator and assume responsibilities on June 1.

Segal is a lifelong Rhode Islander. His first position as a financial services consultant to residents and families, inspired him to return to school and earn a degree in Healthcare Administration. Since, he has established a track record of effective leadership and regulatory compliance. Segal has guided facilities to a 5-star rating with CMS and has the proven ability to navigate the ever-changing regulatory environment. He is a licensed nursing home administrator in the state of Rhode Island and is a member of the Rhode Island Health Care Association. He holds a Bachelor of Science in Healthcare Administration.

“I love the fact that we can have a positive impact on people’s lives in their time of need,” Segal said. “I take great pride in the success stories of residents, who have improved their quality of life through the services we provide.”

“The Steere House Board of Directors is proud to welcome Joshua Segal into our community and look forward to his leadership in fulfilling our mission as we enter a new chapter in the growth of our organization. Joshua is committed to achieving high quality care for all of our residents and we feel he is the best in the future of long-term care”, said Linda Cannistra, Board President.

ABOUT STEEREHOUSE

Steere House Nursing Home and Rehabilitation Center, located at 100 Borden Street, was founded in 1874 and provides a comprehensive array of care, including long-term rehabilitation, assisted living, skilled nursing, and specialized services for individuals with memory impairments.
