At Steere House Nursing & Rehabilitation Center, we offer experienced nursing care and rehabilitation for patients who require short-term continued care. Staffed by a team of professionals who provide specialized rehabilitative care to help patients attain their highest level of functioning for a smooth transition in their recovery period.

Additionally, Steere House offers a warm and comfortable environment where Long-Term residents receive personalized care and attention while remaining as independent as possible. The staff work diligently to accommodate for individual preferences and lifestyles.

Our approach for Long-Term care provides a cheerful, positive atmosphere with opportunities for socialization, spiritual support, and activities structured to residents' interests and needs.

Our **Memory Care Unit** has a compassionate, experienced care team that assist residents and their families dealing with the later stages of Alzheimer's Disease and related dementia disorders.

Whether you or your loved one is recovering from surgery or is in need of skilled nursing care, Steere House understands the challenge of choosing the best quality care setting. Families and physicians have been choosing and recommending Steere House for its commitment to excellence for over 147 years. To many, "It just feels right here." A spirit in the form of old-fashioned hand-holding, blended with innovative care.
