

**CONFIDENTIAL PATIENT INFORMATION**

Date: \_\_\_\_\_

First: \_\_\_\_\_ Middle: \_\_\_\_\_ Last: \_\_\_\_\_

Street: \_\_\_\_\_ City: \_\_\_\_\_ State: \_\_\_\_\_ Zip: \_\_\_\_\_

Apt. #: \_\_\_\_\_ Work Phone: \_\_\_\_\_ Mobile Phone: \_\_\_\_\_

Home Phone: \_\_\_\_\_ Birthdate: \_\_\_\_\_ Email: \_\_\_\_\_

SSN: \_\_\_\_\_

Marital Status: S M D W DP Occupation: \_\_\_\_\_ Employer: \_\_\_\_\_

Your MD: \_\_\_\_\_ Clinic Name: \_\_\_\_\_ MD's Phone: \_\_\_\_\_

Name of Insured: \_\_\_\_\_ Relationship to you: \_\_\_\_\_

Insured's Date of Birth: \_\_\_\_\_

1. Most patients are referred to our office by a caring family member, friend or doctor. Who may we thank for referring you? \_\_\_\_\_  citysearch  activa website  insurance list  google  yelp

2. What is the reason for your visit today?  proactive injury prevention assessment  care for pain/injury  science based nutrition/functional medicine  internal disorder

Please describe: \_\_\_\_\_

3. Do you have any other health concerns or conditions? a. \_\_\_\_\_

b. \_\_\_\_\_ c. \_\_\_\_\_ d. \_\_\_\_\_

4. Do you take a  multi-vitamin  fish oil  magnesium  calcium  glucosamine?  other supplements (please list): \_\_\_\_\_

5. Do you have any problems with your  feet  knees  hips?

6. Do you have any problems with  balance  coordination  stability?

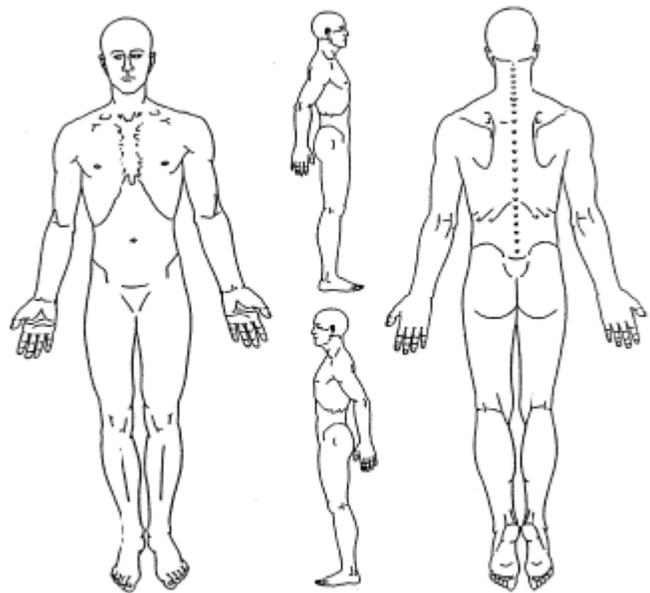

7. Are any of the places you sit uncomfortable?  desk chair  car seat  easy chair  airline seat

How long have you had pain or symptoms?  
\_\_\_\_\_

On the diagram, please indicate where you are experiencing pain or other symptoms at this moment. Please be as specific as possible and use the following key:

**A**=Ache, **B**=Burning, **N**=Numbness, **P**=Pins & Needles, **S**=Sharp/Stabbing, **O**=Other (please describe)

When and how did your problem start?  
\_\_\_\_\_  
\_\_\_\_\_

Is this condition  getting better  getting worse  staying the same  unknown

Please rate the severity of your pain: No Pain-- 1-----10 --Excruciating Pain

How often do you have this problem?  constant  daily  frequently  intermittently  infrequently

Does it interfere with your  ability to work  sleep  recreation  daily routine  other \_\_\_\_\_

Does anything make the pain worse?  sitting  standing  walking  bending  lifting  twisting

Does anything make it better?  ice  heat  otc medication  other \_\_\_\_\_

**Please list:**

Surgeries: \_\_\_\_\_

Fractures: \_\_\_\_\_

Medication: \_\_\_\_\_

Accidents/Injuries: \_\_\_\_\_

Other Health Conditions (eg. Diabetes, Ulcers, High Blood Pressure, Reflux, Cancer, etc.): \_\_\_\_\_  
\_\_\_\_\_

### **Financial Responsibility and Authorization to Release Information**

I understand and agree that all services rendered are charged directly to me, and that I am personally responsible for payment upon delivery of services unless prior arrangements are made. All patient co-pays or non-covered percentage fees are to be paid by the patient following each day's services. I understand that should my account fall delinquent, it may be turned over for legal collection and reported to the credit bureau. I agree to pay 1.5% interest per month on any unpaid balance. In addition I agree to pay all court costs, costs of collection at 35% of the unpaid debt and reasonable attorney fees.

We try to serve as many patients as possible each day with minimal waiting time. We reserve your appointment time to achieve this goal. Because of this, we require notice for missed appointments. It is our policy to charge for appointments that are forgotten or willfully missed. We understand that people get sick, cars break down, etc. and we do take that into account. There will be a \$25 charge for no-shows and appointments cancelled with less than 3 hours notice.

If you would like us to file claims to your insurance carrier, statements will be sent to your insurance carrier on a weekly basis. On receipt of benefits, you will be advised of the benefits received, on amounts not paid, or credit balance. You are responsible for any balance due at that time. Credit balance may be refunded or applied toward further care.

I hereby authorize my treating physician(s), to release any information deemed appropriate concerning my physical condition to any insurance company, attorney, or adjuster in order to process any claim for reimbursement of charges incurred by me as a result of professional services rendered; and I hereby release my treating physician(s), of any consequences thereof. I also authorize my insurance and/or attorney to pay by check made out and mailed directly to the clinic of my treating physician(s), any moneys due him, and otherwise payable to me, the same to be deducted from any settlement made on my behalf, for professional services rendered. Further, I agree to pay my treating physician(s) the difference, if any, between the total amount of their charges and the amount paid by the insurance carrier and/or attorney.

Further, I agree that a photocopy or facsimile of this document will be deemed as valid and binding on all parties involved as if the photocopy was the original document I am hereby signing.

If any portion of this contract is deemed unenforceable, the remaining contents remain severable.

### Informed Consent

Some risk is assumed in all treatment modalities, including chiropractic adjustments. Manipulation or adjustment of the human frame carries small risk of injury to weakened or hidden pathology of the vertebral artery in the neck causing death or stroke in reported 1 per 400,000 cases to 1 per 10 million cases. Every effort is made to screen for this and use methods with the lowest risk. Your doctor of chiropractic is the highest licensed professional for specific and safe adjustment of the human frame.

Other complications may rarely include; strain, sprain, dislocation, fracture, disk aggravation, physiotherapy burns, muscle soreness, aches, or other injury. Please ask your doctor of chiropractic if you have any questions.

**Subluxation** is a misalignment and/or “stuck” joint or tissue, which is found to cause nerve impingement. This interferes with any organ, tissue, or blood vessel supplied by that nerve. Your doctor of chiropractic is trained to look for and find these subluxations, and to correct them with an adjustment. Please do not “pop” or “crack” your joints using a thrust of any kind, nor have an unlicensed person do it for you. Not only can you be hurt, you most likely will not achieve the correction you are looking for. Proper stretching can be very beneficial, and painless popping sounds may be heard and are normal, as long as no forceful thrust or impulse is applied.

After a specific adjustment some people experience the effects of renewed nerve flow and circulation to impinged areas that were restricted by their subluxation. These historically have been changes in; sweating patterns, increased respiratory capacity, faster bowel transit time, increased bowel movement frequency, shift in center of balance perception, sleep pattern changes, shoe fit and clothing measurements, differences in walking (gait), and various organ function changes. These subside quickly as the tissue adjusts itself to the restored nerve flow, but may be temporarily necessary in order for the tissue cells to excrete stored wastes.
