

CDCR QUIETLY REPEALS GOOD CONDUCT CREDIT. ELIMINATES INCENTIVE CREDIT FOR EARLY RELEASE. PRISONERS TO SERVE FULL TERM OF SENTENCE?

Vacaville, CA. California Department of Corrections and Rehabilitation (CDCR) spokesperson, Gigi Matteson, Warden, California State Prison-Solano, Vacaville, CA (CSP Solano), in a November 18, 2022 Memorandum-- addressed to an Inmate protesting the taking of 30 days of vested Minimum Security Credit (MSC) by CSP Solano Case Records --declared the taking was justified by the repeal of California Code of Regulations (CCR), Title 15, Section 3043.2 Good Conduct Credit (3043.2): "CCR, Title 15, 3043.2 was repealed effective December 28, 2021".¹

The Inmate addressee of Warden Matteson's Memorandum responded November 29, 2022 by letter challenging the Warden's justification, pointing out that 3043.2 appears to be currently in vogue,² and requesting timely restoration of credit if said Section found to be unrepealed.

Credit eliminated by repeal of CCR, Title 15, Section 3043.2.

Good Conduct Credit - awarded to all inmates complying with Departmental regulations and local rules of the prison and performing duties assigned, except to an inmate sentenced to death or life without the possibility of parole; (2) One day of credit for every four days of incarceration (20%); (3) One day of credit for every two days of incarceration (33.3%); (4) One day of credit for every day of incarceration (50%); (5) Two days of credit for every one day of incarceration (66.6%), 3043.2(a),(b), (b1), (2)-(5); and,

CDCR Inmate incentive programs for advancement of an inmate's release date or initial parole hearing date requiring authority of Section 3043.2 for eligibiliity:

Milestone Completion Credit, 3043.3, (c);

Rehabilitative Achievement Credit, 3043.4, (b); and

Education Merit Credit, 3043.5, (b).³

ANALYSIS

Affected prisoners, family, friends, and CDCR employees, are faced with a decision: believe and support a CDCR Warden, or a prisoner who just wants to go home.

If the Warden is correct and 3043.2 has been repealed and affected persons are only now becoming aware of the 2021 taking of Good Conduct Credit and all other incentives for early release and, must now serve full term of sentence... Heaven help us!

If the prisoner is correct and 3043.2 has not been repealed, then he and all other CDCR prisoners who have had earned credit taken under false pretenses are entitled to restoration of such credit. And, CDCR case records of all inmates warrant close scrutiny to determine CDCR compliance with the law for the intake, detention and crediting of all persons committed to the custody of the Director of Corrections.⁴

Facility D Building 21-1-30 4L
California State Prison, Solano

SUBJECT: RESPONSE TO GA-22 INMATE REQUEST FOR INTERVIEW DATED NOVEMBER 9, 2022

This is in response to your GA-22 Inmate Request for Interview dated November 9, 2022, received at California State Prison, Solano Warden's Office. In your GA-22, you stated Case Records took 30 days of Minimum Security Credit (MSC) from you and changed your Earliest Possible Release Date (EPRD) to December 20, 2023. You stated your EPRD should be November 20, 2023 and Case Records cannot take the 30 days of MSC per **Repealed California Code of Regulations (CCR), Title 15, Section 3043.2**. You contend this action has precluded you from Alternative Custody Program (ACP) and the ability to spend Thanksgiving with your family this year.

Mr. Schmidt, per CCR, Title 15, Section 3043.2 an inmate must stay in Minimum M workgroup for 30 continuous days to receive 30 days of MSC. You received 30 days of MSC starting on June 1, 2021, again 30 days later on July 1, 2021 and again on July 31, 2021. On August 30, 2021, you received 30 days of MSC, again on September 29, 2021 and on October 29, 2021. On November 28, 2021, you receive another 30 days of MSC, however, 30 days of MSC for December were awarded in error and removed, as 30 days from November 28, 2021 was December 28, 2021 and **CCR, Title 15, 3043.2 was repealed effective December 28, 2021**. This means MSC were no longer applied effective December 28, 2021.

Mr. Schmidt, your EPRD has been correctly calculated at December 20, 2023 and all appropriate rules and regulations have been applied

Thank you,

Gigi Matteson

Re: False representation: Good Conduct Credit repealed.

Dear Warden Matteson:

In your response November 18, 2022-- to my Inmate Request For Interview dated November 9, 2022 requesting your intervention with CSP Solano Records to restore 30 days of credit taken without cause or authority-- you stated California Code of Regulations (CCR) Title 15, Section 3043.2 (Good Conduct Credit) "was repealed effective December 28, 2021. This means MSC [Minimum Security Credit] were no longer available effective December 28, 2021", implying the taking of MSC was justified by repeal of the Good Conduct Credit regulation.

However, a quick peek at the California Regulatory Law Bulletin-- available on every inmate's CDCR supplied electronic tablet under the Law Library app, see CA- Barclays Official California Code of Regulations, Title 15-- will confirm that CCR 15 Section 3043.2 has not been repealed at any time and "This document current through Register 2022, No. 42 October 21, 2022".

Further: (1) MSC is not contemplated, mentioned, nor authorized by CCR 15, Section 3043.2, and therefore, any repeal of said Section 3043.2 has no relevance or impact on MSC; and
(2) Exhibit of CDCR Memo attached to my above referenced request for intervention states clearly that any MSC awarded through December 27, 2021 would not be rescinded. Therefore, the taking of 30 days credit appears to be unjustified and must be restored.

Remedy requested: (1) Restore 30 days MSC to result in EPRD of November 20, 2023; and
(2) inasmuch as November 20, 2022 is past and Thanksgiving with my family cannot be recovered, authorize my ACP release, forthwith.

In the event CDCR (you acting on behalf thereof) continues to insist that CCR Title 15 Section 3043.2 has been repealed and thus justifies the taking of vested MSC; and, remedy as set forth above is not effected within 5 days of the date of this letter, then you cannot object, and agree not to object to the publication of your November 18, 2022 letter declaring the repeal of Title 15, Section 3043.2 Good Conduct Credit.

Thank you.

Lonnie G. Schmidt

Memorandum

Date: December 9, 2022

To: Mr. Lonnie Schmidt (AZ3544)
Facility D Building 21-1-30 4L
California State Prison, Solano

SUBJECT: RESPONSE TO LETTER DATED NOVEMBER 29, 2022

This is in response to your letter dated November 29, 2022, received at California State Prison, Solano Warden's Office. In your letter, you reference the response letter from the Wardens Office dated November 1, 2022 regarding the 30 days of Minimum Security Credit (MSC), which was repealed on December 28, 2021. You go on to state California Code of Regulations, Title 15, Section 3043.2 does not authorize, have relevance, nor affect MSC. You request the 30 days of MSC be restored and your Earliest Possible Release Date be recalculated.

Mr. Schmidt, MSC were repealed under CCR, Title 15, Section 3043.2 and Case Records was directed not to award any MSC in which the 30th day of continuous credit was after December 27, 2021. Case Records did remove the 30 days of MSC from your EPRD due to this direction. However, on November 22, 2022 new direction was given concerning inmates who did not receive MSC in December of 2021 due to the repealed CCR, Title 15, Section 3043.2. Per the new direction, inmates who did not receive the 30 days of MSC in December 2022 or received it and then subsequently voided shall have it reapplied to their EPRD.

Mr. Schmidt, 30 days of MSC were applied to your EPRD on November 22, 2022 and your new calculated EPRD is November 20, 2023.

If you should have any questions regarding MSC or your sentence, please contact Case Records.

Thank you,

Gigi Matteson

Re: False Allegation of Regulation Repeal Impacting Budget-Taxpayers

The Warden here at California State Prison-Solano and/or subordinate staff has suddenly and falsely declared C.C.R. Title 15, § 3043.2, the Good Conduct Credit completion regulation, to have been repealed. Thus, denying all legislated prison-sentence reductions and has taken Inmate earned credit pursuant thereto. See attached Memo signed by Gigi Matteson, Warden. However, no repeal action can be found on record.

This attached Warden's memo informs me and untold thousands of others that after participating in and successfully completing legislated/regulated in-prison rehabilitative programs, that I and similarly situated prisoners will not receive the sentence reductions promised under the regulation due to its alleged repeal. See Analysis on reverse of attached Warden's Memo.

Eroding good conduct and rehabilitative incentive and trust in government, this means that our overall CDCR budgets, calculated in anticipation of prison population decreases via positive participation (for alternative custody programs, custody release or parole), will not be realized, and may serve as disingenuous calls by government officials for the unnecessary supplement of budgets to maintain a static or increased prison population as a result.

Please investigate on behalf of public trust, California taxpayers and CDCR inmates, prisoners and parolees to determine whether this false repeal claim is a mere misunderstanding or of malicious and costly intent.

Respectfully,

Lonnie G. Schmidt, Captain, USAR

CDCR'S TROJAN HORSE

Vacaville, CA. What began as a simple request for correction of an error has uncovered California Department of Corrections and Rehabilitation (CDCR)'s hidden agenda: a return to CDC punishment... repeal Rehabilitation.

A prisoner at California State Prison Solano (CSP Solano), offered one year early release under the Alternative Custody Program, in July 2022 began processing toward a release date of November 2022. In September 2022, he was informed 30 days of credit had been taken and new date was December 2022. Upon written inquiry to CSP Solano Case Records, the reason given for the taking was that California Code of Regulations (CCR) Title 15, Section 3043.2 Good Conduct Credit (3043.2), had been repealed on the day following entitlement to the credit, December 28, 2021. In written correspondence, CSP Solano staff and Warden confirmed the repeal of 3043.2:

6/29/2022 Kimberly Fox Case Records Analyst - "Voided MSC dated 12/28/21 per regulations effective 12/28/2021, MSC no longer applicable. PC 3043.2 repealed."

9/16/2022 K. Fox CRA "It is confirmed that 3043.2 has been repealed."

9/26/2022 R. Delacruz Case Records Reviewing Analyst adopted K. Fox's statement - "that 3043.2 has been repealed."

11/18/2022 Gigi Matteson Warden, CSP Solano - "Repealed California Code of Regulations (CCR), Title 15, Section 3043.2" ... "CCR, Title 15, 3043.2 was repealed effective December 28, 2021."¹

12/6/2022 T. Tyler Reviewing Authority, CSP Solano Office of Grievances Decision - "due to the repeal of PC 3043.2."

12/9/2022 Gigi Matteson Warden, CSP Solano - "due to the repealed CCR, Title 15, Section 3043.2."²

Interestingly, using the regulation's numerical identifier, not once has CSP Solano staff or Warden identified 3043.2 as "Good Conduct Credit". Perhaps because none of them have ever looked at the Regulation to learn just exactly "What" has been repealed... and the impact on the prison populace? Or, in keeping with CDCR Headquarters understanding the impact only too well of eliminating all incentive for early release, have elected to proceed quietly in order to avoid massive protests from prisoners, family and taxpayers-- confused by regulation numbering, but easily understanding the plain language of the regulation text?

In any event, CDCR Case Records staff calculates Earliest Possible Release Date (EPRD) from a fraudulent "Abstract of Judgment" for which no supporting "Judgment" exists for any prisoner; either in CDCR files or Superior Court records. False imprisonment.

CDCR has learned and become loyal to a lie. The lie? CCR, Title 15, Section 3043.2 has been repealed and an Abstract of Judgment in the absence of a Judgment is authority for an individual's receipt by the ³Director of Corrections and, for the intake, crediting and detention thereof by CDCR.

Believing a lie leads to destruction. Remember the City of Troy?
