VISION

Our vision and mission is to provide an equal learning environment that does not discriminate against a child's capabilities, but works with them to reach beyond their potential.

We focus on the academic, cultural, and athletic interests and skills to mould well rounded pupils.

To nature the young and inquisitive minds of tomorrow's change makers, with highly qualified educators who are experts in child development and education. We create a safe and welcoming environment for learning, experimentation and growth.

CODE OF CONDUCT

LEARNERS' APPEARANCE

- All learners are encouraged to be presentable, girls are not allowed to plait long extensions, they can only plait straight back; relax their hair or natural hair.
- All learners sporting dreadlocks are encouraged to tie them neatly or plait them.
- No cutex, make up, face powders, long earrings (only studs are allowed).
- Girls must not alter their skirts into mini skirts. Skirts should only be two (2) fingers, just above the knees.
- Boys are also not allowed to alter their school trousers into skinny or 3 quarter pants. They will only cut the length of the trousers according to their height, so that they partially cover the school shoes.
- Only the navy blue socks with red stripes will be accepted as part of the uniform, for both girls and boys.
- Beanies or wooly hats for winter must be worn properly, covering both ears and folded just once, or worn in any other presentable manner other than shaped to one side, folded too many times to cover just the top of the head or covering one eye like a thug.

NB: As a proud African school, we allow children to wear their African attire of any kind, on days where casual clothing is allowed or heritage day.

PUNCTUALITY

Learners must always try to arrive at school on time. They should learn as early as now to obey and keep time as they are being groomed for the future. The school will enforce and promote this aspect of mannerism, always.

LANGUAGE

The school is an English medium school, therefore we urge all learners within the school premises to converse in English. Vulgar or offensive language and gestures will never be allowed too.

ABSENTEEISM

All learners must attend classes without fail. If there is any valid reason for absenteeism, the parent must bring it forward.

CODE OF CONDUCT

SCHOOL RULES ENFORCEMENT

- Learners who behave in an unacceptable manner, that is bullying other learners and teachers, fighting, etc, will be suspended from school for a specific period of time as punishment and a correctional measure.
- Extreme violence and other safety threats or cases will be forwarded to the police or other governing bodies for further investigation and correction.
- If after suspension and warnings the child is still mischievous, they will be expelled permanently from the school.
- Learners who break school property take full responsibility of that mistake, which means they are to pay for what they break, with the help of their parents, without failure.

FIELD TRIPS

School educational tours are compulsory, they are important in aiding the learning process, regardless of their recreational nature. All details about such tours are communicated in time to parents. No learner will not avail themselves for such tours unless there is a reason deemed valid.

MEETINGS

Parents meetings are to be attended without failure. This is a way of communicating with our stakeholders (parents) in person. We urge all parents to take them seriously. Meeting dates and times area shall be communicated in time.

MEANS OF COMMUNICATION

Front Desk Office Contact Details:

Email address: sstundu@gmail.com

Cell: 064 527 2846 / 067 787 5591

Whatsapp: 081 555 4755

NB: Parents can call , send an email or Whatsapp message to the front desk office for enquiries, suggestions etc. These are our formal means of communication, specifically to limit school visits unless necessary.

Telegram, is used mostly for sending homeworks to learners and parents, because it offers large group chat options and file sharing capacity, as compared to whatsapp.

SMARTPHONES

Parents for senior phase (7-9) parents should try by all means that learners have smartphones, so that these learners are able to receive homeworks and other academic communication from the teacher, directly. Learners must be fully responsible in keeping their phones safe, as much as the school ensures that, with security camera surveillance and teachers' supervision.

All the other grades are not supposed to carry their phones to school, unless specifically told to do so by their educator.
