

CHARGING INSTRUCTIONS - RELIALERT

You are required to charge the battery for 3 solid hours every other day, uninterrupted, to maintain 48 hours of operation.

Do NOT charge while sleeping.

Failing to charge the device is considered a violation.

<p>1 Connect the provided breakaway cable to the device AC adapter.</p>	
<p>2 Connect the free end of the breakaway cable to the power jack on the front of the device.</p>	
<p>3 Plug the AC adapter into the wall power outlet. DO NOT USE: and extension cord or a different charger! Using a different charger may result in burning out your charging mechanism which will cost you \$950.</p>	 Acknowledgement: Sign:
<p>Device Status LED</p> <p>The LED on the top of the device indicates the current device status.</p>	
<p>Solid Green</p>	<p>Device is plugged in and almost fully charged (When solid green light first appears, device is only charged at 80%)</p>
<p>Rapid Flashing Green</p>	<p>Device is plugged in and charging</p>
<p>Periodically Flashing Green</p>	<p>Device is operating normally</p>
<p>Flashing Red</p>	<p>Device has low battery and needs to be charged</p>
<p align="center"><u>WATERPROOF</u></p> <p>This device is NOT waterproof. You should shower rather than bathe while wearing the ankle monitor. DO NOT swim or use hot tub. DO NOT SUBMERGE _____ Initial</p>	

The device will vibrate when it needs to be charged. When that happens, get to your charger in less than one hour. Failure to do so will result in the monitoring center calling you on your device, followed by notifying your bail agency.

To avoid potential embarrassment in public, make sure you stay on a solid charging schedule.

Swimming or otherwise submerging your ankle monitor may result in damage which will require a replacement at your cost of \$995. _____ Initial

I received a copy of the charging instructions. Sign:
