

BIOMETRICS SERVICES

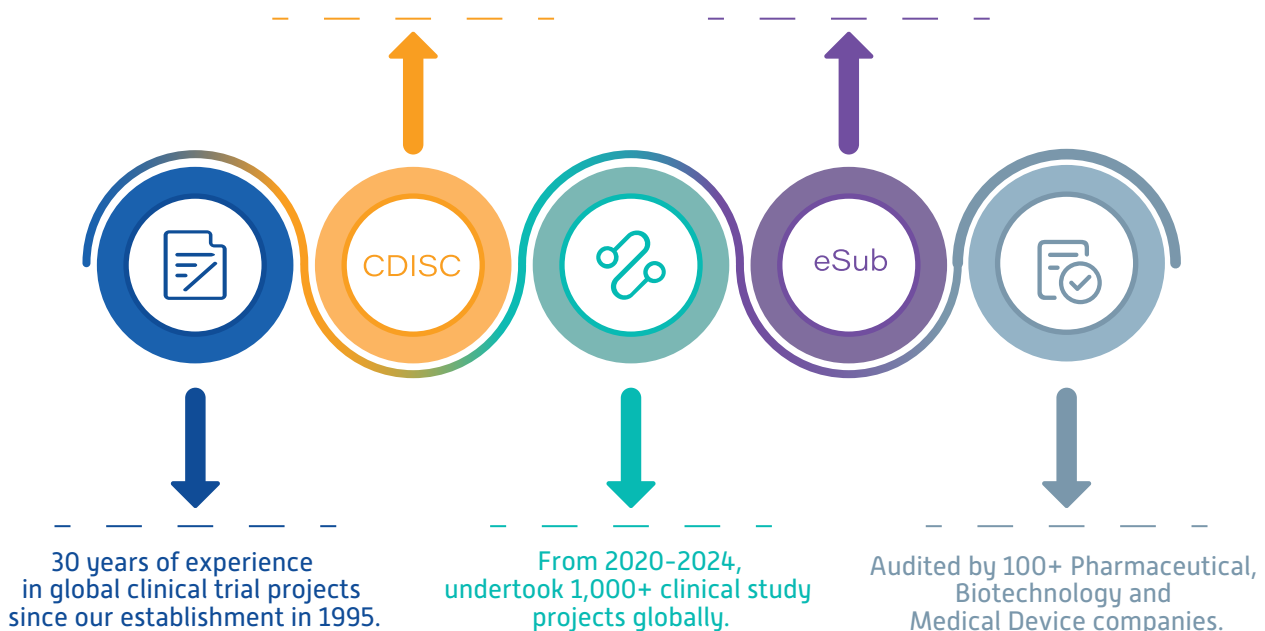

End-to-End Solutions from Development Planning to Data Analysis and Reporting

ClinChoice is your complete source for comprehensive biometrics solutions designed to ensure your clinical trial data is held to the highest quality standards. Over the years, we've built a reputation as a preferred partner for our clients around the world by providing superior solutions that reduce complexities and speed up time to market for your products. With ClinChoice, you get more than just data analysis – you get a real, deep understanding of the latest methodology in regulatory innovation and the science of clinical development.

OUR ADVANTAGES

A CDISC Platinum Member and CDISC Registered Solution Provider, with 20+ years of experience and 1000+ CDISC projects in the past 5 years.

In the last 5 years, supported 52 NDAs/BLAs to FDA, with 49 approved and 3 pending review.

SERVICE SCOPE

Our data management solutions are tailored to each client with end-to-end clinical data management activities, from eCRF development through database lock.

Our biostatisticians deliver end-to-end solutions from development planning to analysis and reporting with in-depth expertise in various therapeutic areas.

Our flexible statistical programming solutions ensure data standardization, submission compliance and enhance quality and efficiency in data analysis and reporting.

Our global team has extensive Pharmacology, modeling, and analysis experience to support PK/PD/ADA Analysis Plans and reports, exposure-response, exploration and modeling.

We provide 100% compliant CDISC implementation, eSubmission solutions, and post-submission review and rapid response support.

Our team of data science experts deliver customized data visualization, remote based monitoring and intelligent analytics for your clinical trials and development portfolios.

Our FSP solutions are custom-tailored to fit each client's unique needs from staff augmentation to various forms of managed staffing.

ABOUT ClinChoice

ClinChoice is a global full- and functional service CRO providing exceptional product development and lifecycle management capabilities for pharmaceutical, biotechnology, medical device, and consumer health companies. We have three decades of proven expert service delivery and noteworthy results across all our services. With a strong presence in more than 20 countries across the Americas, Europe, and Asia-Pacific, we are strategically positioned to fulfil our clients' business requirements locally and globally. We offer high-quality, full-service clinical development and post-marketing solutions. For our clients, it means a reliable partner and quality results.
