

PARENT KITS

A Balanced Child has put together helpful parent kits which are available for purchase. Kits include a variety of activities you can do at home with your child. Activities and strategies mimic what we do in clinic. Kits are currently geared toward older toddler/early preschool and can be easily altered to fit different developmental abilities. Please contact us if you are interested in purchasing one! 210-979-0249

Kits are \$25.00
